Superforts Blast Korean Military Targets

RED FLEET IS DEPLOYED IN BATTLE AREA

Naval Sources at Washington Say Third of School of Subs Are New Snorkels

NOT BALANCED FORCE

Washington, July 13 — (AP) — Russia is believed to have an assorted collection of about 800 naval craft deployed near the Korean war area—including between 70 and 80 submarines.

Naval sources here figure that perhaps a third of this school of submarines are the new XXI Snorkels.

Although the 800 total estimate is numerically big, there is no present evidence that it comprises anything like a balanced naval force. Those studying the situation believe many of these vessels are small craft of various types and that certainly nothing bigger than cruisers are in the area.

So far as can be determined, the Russian navy still possesses no aircraft carriers.

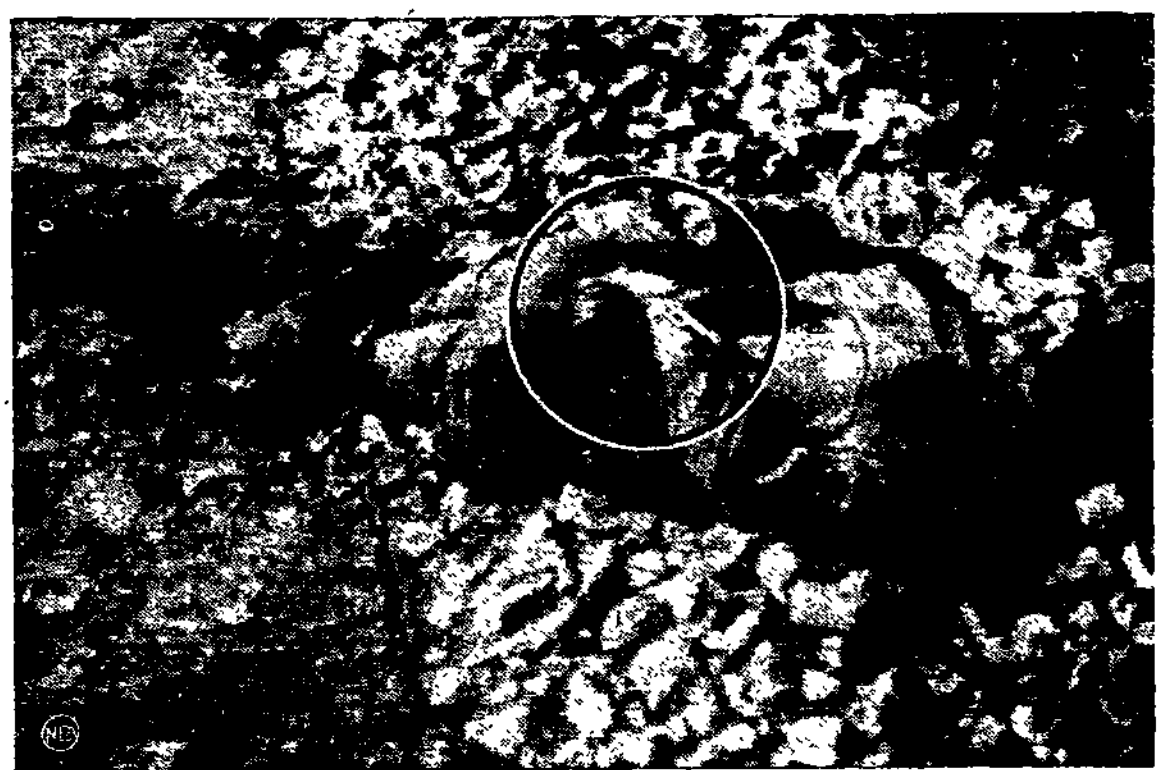

One unknown factor seems to be how many of the smaller Soviet vessels may be landing craft or types that could be used in emergency for an amphibious operation.

The presence in the Far East of any sizeable number of landing craft could be of grave concern to American forces. They could be used to provide an amphibious "lift" for North Korean flanking operations down the South Korean coast lines.

However, it is the Russian submarine force that is drawing most U. S. attention.

As deployed, the Red sub fleet in the Far East seems to have as its main job the potential duty of cutting the Asiatic-Indonesian lifeline along which the United States would send help in event of general war.

AMERICAN PRISONER SHOT—Communist North Korean atrocity to U. S. soldier is shown in this picture of the corpse of a captured GI. He was found midway between a forward observation post and the actual front line in South Korea. The American was believed captured at night, then shot through the head with his hands roped behind his back (circle).

Demands for Threatening Communists With A-Bomb Increasing in Congress

Washington, July 13 — (AP) — Congressional demands for threatening the Korean Communists with the A-bomb and for calling up the National Guard served today as an index to the growing seriousness with which lawmakers are treating the world situation.

Members of the house applauded yesterday when Rep. Bentsen (D-Tex.) said that Mr. Truman should give the Communists one week to get out of Southern Korea. If they refuse, he said, the president should then supply their commander with a "named list of principal North Korean cities which would be subjected to atomic attacks by our air forces."

Tax Slashing Bill Is Ditched Because Of War Situation

Washington, July 13 — (AP) — The Korean war, with its growing costs, has ditched the \$1,010,000,000 excise tax slashing bill.

On advice from the White House that "it would not be prudent in the light of developments in Korea" to cut any taxes now, the senate finance committee put the bill aside, postponing action indefinitely.

Senator Byrd (D-Va.), a finance member, said: "In my opinion this tax bill is dead."

Many in congress expect that the treasury department will ask for higher taxes, rather than lower, if the Korean situation does not improve. However, it was said (Turn to Page Fourteen)

Security Instructions for Military And Public Relations Offices Are Issued

Washington, July 13 — (AP) — The Armed Forces readied new security instructions today for all military public relations offices in this country following a clamp-down on news of troop and supply movements.

The Navy said yesterday it had sent its district commanders this three-point check list for their guidance:

1. "No effort or attempt will be made to conceal preparations for movements of troops or ships which are self-evident. However, data and statistics concerning the numbers of personnel or equipment, prospective sailing dates, names of units embarked for destinations will not be disclosed."
2. "Information concerning ship movements from the west coast may be made available after the departure of the ships. Information concerning ship movements west of Hawaii will not be released."
3. "Photographs of loadings, sailings and reactivation operations will be permitted with normal security restrictions of the Navy (that is, the same restrictions that have always been in effect.)"

The Army said it had sent similar instructions to all of its commands in this country. The Defense Department said a set of (Turn to Page Fourteen)

Big Plane Crashes In Arizona Hills

Tucson, Ariz., July 13 — (AP) — A big plane crashed and exploded into a mass of flames on Bassett peak in the rugged Caluro mountains of southern Arizona early today, a rancher reported.

Homer Byrd said he heard the motors thrum over his ranch house, 40 miles northwest of Wilcox, at 12:20 a. m. (MST).

A state highway patrol car set out for the scene from Wilcox and three others left from Tucson.

The scene of the reported crash is about 40 miles northeast of Tucson in some of Arizona's roughest country.

There was no immediate clue to the identity of the plane. Commercial airlines said they had no plane overdue. Officers at Davis-Monthan Air Force base here said they had no report of an overdue military craft but were investigating.

Hundreds of Early Arrivals Flock To Capital for Opening of VFW Convention

Harrisburg, July 13 — (AP) — Senator Edward Martin declared today that persons who criticize the American form of government lack the courage to migrate to the country of their choice.

They are not "courageous or honest enough to leave this country and become citizens of a nation practicing the Godless philosophy they advocate," the Pennsylvania Republican asserted.

"Well, I'm ready for all of those answers to the Times-Mirror Want Ad I used yesterday!"

128 Pints of Blood Taken Here Wednesday

Spectacular response to special appeals in Times-Mirror and WNAE resulted in the Mobile Blood Bank unit taking 128 pints of blood in Warren Wednesday, believed a record for this area.

Those in charge of the Blood Bank program of the Warren County Chapter of the American Red Cross extend sincere appreciation to all who gave, and urge that they continue their interest and respond to future appeals.

A complete report will be printed later.

Supplier Walkouts Causing Concern In Auto Industry

Detroit, July 13 — (AP) — Supplier strikes and a shortening of steel gave concern today for the booming production of the auto industry.

Two strikes already have slowed assembly lines in some plants.

The steel supply problem, however, loomed as more serious. Heavy production in industry generally has cut into steel stocks. The auto industry itself has been producing at all-time record rates. President Truman was said to be considering a request to congress for stand-by power to allocate steel and other critical materials because of the Korean war.

The Ford Motor Co. thought for a brief time yesterday it might have to eliminate Saturday overtime work because of reduced steel supplies. But after rechecking the problem, the company said it would continue overtime production at 10 of its 15 Ford assembly plants this weekend. It has operated from seven to all 15 of these plants each Saturday on overtime this year.

Ford said its only curtailment would be a reduction from five to four days a week for the remainder of this month at its Metuchen, N. J., and St. Louis Mercury plants.

At the same time Ford said a strike at the Budd Co. plant in Philadelphia would force a 20 percent cut in truck production starting today. Ford depends on Budd for truck doors and other stampings.

In Toledo, O., Willys-Overland said a strike at the Warner Gear Division plant of Borg-Warner Corp. in Muncie, Ind., would force a shutdown of its final assembly lines today.

At Willow Run near here, Kaiser-Frazer Corp., already has halted one of its two final assembly lines because of the Warner strike. Warner makes transmissions for both Willys and K-F.

The Warner strike was also a threat to Chrysler, Nash, Studebaker and other auto firms.

FISHERMAN DROWNS

Greenville, July 13 — (AP) — Rescuers recovered the body of Earl E. Miller, 47, of Sharon, from the Shenango river last night. Miller was on a fishing trip near Greenville Monday night with his sons, Clyde, 15, and Donald, 11. When the boys awoke after a nap in the family car they could not find their father. Miller's hat, fishing pole and flashlight were found along the river bank.

BATHER DROWNS

McKeesport, July 13 — (AP) — William Frazier, 18, of McKeesport, drowned yesterday while swimming in the Youghiogheny river. The body was recovered a short time later.

SHOOTING TRAGEDY

Belleville, July 13 — (AP) — A three-year-old boy, Willis C. Rider, was shot and killed yesterday while he and two brothers, Dan, 6, and Robert, 7, were playing with a shotgun at their home near Madisonburg, a lumber camp, 25 miles from Belleville. Coroner Charles Scheckler said the shooting was accidental and no inquest would be held.

PRESSURE ON FOR CONTROLS ON INDUSTRY

Washington, July 13 — (AP) — Well-placed officials today reported growing pressure on the administration to seek at least limited control powers over industry to help arm the country for the fighting in Korea.

They said no specific plan yet has reached President Truman to their knowledge, nor has there been any decision on the seeking of emergency powers from congress.

They said they expected the whole question of home-front mobilization to be placed before tomorrow's cabinet meeting. One official said there would be a "top to bottom" survey.

Some administration officials were reported to favor an ever-ready White House request for powers comparable to those of World War II, under which automobile assembly lines could be converted to tanks and guns, and radio and television plants to radar equipment.

Foremost responsibility for advising Mr. Truman rests on two men, Secretary of Defense Johnson and Chairman W. Stuart Symington of the National Security Resources Board (NSRB). The latter agency is responsible for industrial mobilization planning; its general position was reported to be as follows:

1. NSRB is rounding out a complete program of emergency powers but has not yet presented such a program of price, wage and manpower controls and materials allocation to Mr. Truman.
2. NSRB has received from the White House no request for a program of limited controls, such as a voluntary system of rationing steel or other currently tight materials.
3. The mobilization agency, as a general policy, opposes "limited" or piecemeal control measures on grounds that World War II experience showed them to be unworkable.

The major pressure so far, officials said, has come from industry and from congress members.

No Present Plan For A Second Draft Call

Washington, July 13 — (AP) — The army said today there "is no present plan" to issue a second draft call. It asked last Monday for 20,000 draftees.

A spokesman denied there were plans for a second call when told there were published reports the army would ask for 80,000 more draftees.

At a pentagon briefing session for newsmen, a navy spokesman said that one British naval unit yesterday silenced three out of four Red Korean 75 mm guns with which it exchanged shots near Inchon on the west Korean coast.

MacArthur Reports 42 War Casualties And 190 Injured

Tokyo, July 13 — (AP) — General MacArthur's headquarters announced tonight that American losses in the Korean war to date have been 42 killed, 190 wounded and 236 missing.

The announcement said "losses sustained by the American forces have been greatly exaggerated in press reports from the front."

Reports of American losses have been exaggerated because, the statement said, the army has avoided any military censorship or undue restrictions on the movements of war correspondents.

It said this was the first time in modern war that such an experiment had been tried.

"Reports of warfare are, at any time, grisly and repulsive and reflect the emotional strain normal to those unaccustomed to the sights and sounds of battle," the statement said. "Exaggerated stories obtained from individual wounded or mentally shocked have given a completely distorted and misrepresentative picture to the public."

The announcement said: "American ground units in Korea are fighting one of the most skillful and heroic holding and rear guard actions in history. Their excellent peacetime training is reflected in the combat record they are now compiling. They have been overwhelmingly outnumbered, in some instances more than 20 to 1, and the casualties in (Turn to Page Fourteen)

Train Loaded With Vacationists In Wreck in Minnesota

Paynesville, Minn., July 13 — (AP) — A special train loaded with eastern vacationists headed for Canada collided with a freight train here early today and at least 40 were injured.

There were no fatalities, first reports said.

R. E. Masurier, editor of the Paynesville Press, said doctors and ambulances were summoned from a wide area. Paynesville is 100 miles northwest of Minneapolis.

Both trains were operated by the Minneapolis, St. Paul and Sault Ste. Marie (SOO) railroad.

The 15-Pullman special train had left Minneapolis at 1:30 a. m., bound for Banff, Canada. It carried 300 members of the Ohio, Pennsylvania and Atlantic Seaboard Hardware Associations.

Only the first two cars of the passenger train were derailed but the impact shattered glass throughout the passenger cars, the editor said. Railroad men were bringing another engine from Minneapolis to pull the shattered special train back to that city.

The 300 aboard it were to visit Canada enroute to their national hardware convention in Seattle.

Erie Man Is Injured By Soap Box Racer

Erie, July 13 — A soap box racer went out of control and injured the official timer yesterday at Erie's annual soap box derby.

The injured man is John Peetboom, 61, a parking meter collector for the city. He suffered a severe head injury and possible fractures of the collar bone and ankle. He is in fair condition in Hamot Hospital.

Peetboom was struck by a home-made racer operated by William Leebn of Albion. His car swerved out of control on the low-flying State Street race course and struck the timer.

The race was won by Fred Schwenk, 14.

Mightiest Single Air Blow Of Campaign Is Registered By Nearly 50 U. S. Bombers

By The Associated Press

Korean Front:—Communists mass on north bank of Kum River; Americans deploy on south bank, destroy bridges, brace selves for attempt to hold last major barrier before Taejon. Communists mount new drive in central sector aimed at cutting rail line between Taejon and Port of Pusan.

Air War: Nearly 50 B-29s smash at rail center in North Korea in largest mass air blow of Korean war inaugurating mass precision bombing. Allied planes batter Communist traffic behind line, strike hard at Red concentrations, destroying 38 tanks yesterday.

Moscow: Soviet news agency Tass reports first American prisoners arrive in Pyongyang, North Korea capital. Reports Communist claim U. S. infantry unit was annihilated.

Washington: Congress hears rising demands to threaten North Korea Communists with atom bombing. Demands increase for calling up 800,000 National Guardsmen and Reservists. Pressure reported growing to give government at least limited control of industry for war emergency.

MacArthur Reports 42 War Casualties And 190 Injured

Tokyo, July 13 — (AP) — General MacArthur's headquarters announced tonight that American losses in the Korean war to date have been 42 killed, 190 wounded and 236 missing.

The announcement said "losses sustained by the American forces have been greatly exaggerated in press reports from the front."

Reports of American losses have been exaggerated because, the statement said, the army has avoided any military censorship or undue restrictions on the movements of war correspondents.

Weary Doughboys Dig In on the Kum For a New Defense

By The Associated Press

Tokyo, July 13 — (AP) — General MacArthur's headquarters announced tonight that American losses to date are 42 killed, 190 wounded and 236 missing in the Korean war.

"Losses sustained by the American forces have been greatly exaggerated in press reports from the front," the statement said. It reported casualties of the "lost battalion" as two killed, seven wounded, 12 missing."

Hurled back by North Korea's Red Horde, weary Doughboys dug in on the Kum river's south bank for a new defense. They had a new commander, Lt. Gen. Walton H. Walker, veteran tank fighter of World War II.

The front was relatively quiet. Presumably the North Koreans were regrouping for an assault across the vital Kum, last natural barrier in South Korea. Allied warplanes pounded transport and supply routes north of the river throughout the day.

An advanced headquarters spokesman said several bridges across the winding Kum river, 13 miles north of Taejon, were blown up last night. One was a large railway bridge.

The Reds launched a new drive from newly-won Tanyang, 65 miles northeast of Taejon. Heading southwest, it looked like a push to cut the vital rail line from the southeast port of Pusan to Taejon, key defense center 13 miles south of the Kum.

General MacArthur announced the appointment last midnight of Walker, chief of the Eighth Army in Japan, as commander of ground forces in Korea.

The Eighth Army has set up an advanced command post in Korea and taken over the job of U. S. Forces in Korea (USAFIK). The latter command was abolished.

Committee Meets to Plan Survey Of Services for Children in the County

The initial meeting of the local citizens' committee of the Mid-century White House Conference, organized to make a survey of services for children in Warren county and to make suggestions concerning ways in which youth may be better served, was held at the home of the chairman, Mrs. A. C. Flick, Jr.

In attendance were chairmen of the divisions in which the survey is to be made and a number of others. George Monroe is chairman of child labor and youth employment; Nelson Johnson heads the division on delinquency; Mrs. Gerald Archibald, the section on education; Mrs. David Potter, head of public assistance; Mrs. Harry R. Lewis has charge of the section on health; Mrs. Jeanne Barwis Lopez, the recreation phase; Mrs. D. E. Conaway will have charge of the welfare group.

Each of these chairmen has appointed a committee to assist in making the survey. Mrs. S. M. McClure has been appointed secretary of the citizens' committee.

There was considerable discussion on the matter of making the survey in the limited time in which the committee must work (Turn to Page Fourteen)

Publisher Victim Of Auto Accident

Indiana, Pa., July 13 — (AP) — Co-owner-publisher B. Dwight Ray of the Indiana Evening Gazette died today of injuries suffered in an automobile crash at nearby Black Lick.

Ray, 56, apparently fell asleep while driving alone in his car along Route 119, about 12 miles south of Indiana. His car failed to round a curve. He died in the Indiana hospital at 3:50 a. m. shortly after the accident.

The newspaper publisher was national commander of the 80th Division Veterans Association in 1949. He was a member of the Pittsburgh Commonwealth and Jaffe Temple, Altoona.

With his brothers, R. Hastie Ray and N. Dewitt Ray, his twin, B. Dwight Ray had published the Indiana afternoon newspaper since the death of the brothers' father, R. N. Ray.

Newly-Elected Board of Directors Of Jaycees Makes Plans for State Meet

The newly elected board of directors of the Warren Junior Chamber of Commerce met last night and made plans to attend the state board meeting and leadership training seminar at State College on July 22nd and 23rd.

Eight members will make the trip including President Carlson, State Director Alex Fino; board members Willis Tickner, Charles Decker, John Haggerty, Royce Black and John Newmaker, and state vice president, Charles Tranter.

The program at State College will include the Executive Committee meeting Saturday morning, sightseeing in the afternoon, a banquet Saturday evening, and breakfast Sunday morning which will feature a leadership training seminar and a speaker.

Also present at last night's board meeting were Jack MacDonald, co-chairman of the recent Fourth of July celebration committee, Bob Johnson, chairman of the celebration finance committee, and Harry Schmidt.

This evening the committee will meet with representatives of the fireworks company as to disposition of the fireworks which were not used at the celebration.

It was announced that colored moving pictures of the Fourth of July parade and of the drum corps competition will be shown at the membership meeting of the Jaycees which is next Wednesday evening at the YMCA. The movies were taken by Jerry Waxman.

Sheffield Township School Board Has Important Session

Sheffield, July 13—The Sheffield township school board had a busy session Monday night amid numerous appointments and adoption of a schedule for the coming school year.

Mrs. Elwood McKown was named by the directors to take the annual school census.

A new instructor of home economics was named by the directors at the meeting. Miss Alice Williams, of Port Allegany, N. Y., was awarded the post. She is a graduate of Villa Marie College, Erie.

The vacancy on the school board created by the departure of Norman Cunningham from the community has not yet been filled, though an appointment is expected to be announced later this month.

Ernest F. Blair, however, who was elected to the school board at the last election, was named to the office of treasurer. This office had been made vacant through Cunningham's resignation last month.

The school solons also announced somewhat grim news for the students of Sheffield's four schools. . . . Classes will reopen here on August 28th.

Other business transacted at the meeting included the acceptance of bids from Carl A. Anderson and also from Steve Massa of Warren, for painting of the Washington and Lincoln school buildings.

Current bills totaling \$1,289.06 also were paid.

Plans for a Bake Sale to begin at 1 p. m. Saturday at Tot Andrew's Dress Shop were completed last night at the regular meeting of the Harriet Rebekah Lodge in the IOOF building.

A discussion also took place concerning the lodge picnic which is scheduled to take place Sunday, Aug. 6th, at Wildcat Park, Ludlow.

Twenty-six members took part in the meeting.

Good news for Sheffield motorists came today with the announcement that the first stretch of concrete is expected to be poured before the end of the week by highway contractor, S. J. Groves, on the Route 6 project between Sheffield and Weldbank.

The unofficial detour over Bull Hill has proved burdensome, especially to those who have had to commute daily to jobs in Warren.

WEATHER CROSSES UP DISTRICT OBSERVER

Pittsburgh, July 13—(P)—Attendees at South Park were surprised last night when a group of picnicers showed up as scheduled. The attendants had taken the weather forecast of "showers and thunderstorms" literally.

So—naturally—they thought the Pittsburgh district weather observers and their families would cancel their picnic.

The weather? As fine a summer night as Pittsburgh has enjoyed all summer. Not a raindrop in sight.

Sugar Grove Boy Is Blinded In One Eye

Robert (Chipper) Taylor, Jr., 5, son of Mr. and Mrs. Robert Taylor, of Sugar Grove, suffered the loss of the sight of one eye Tuesday evening when he was struck by a toy plastic airplane shot into the air by rubber bands from the hands of a cousin, John Taylor, 7, of Meadville. Both boys were visiting at the home of the grandparents, Mr. and Mrs. John F. Moore, 206 Frank street. Mrs. Moore said the toy swooped into the air and suddenly fell, striking the youngster. It was not thought at first that his injury was serious, but subsequent examination by both Jamestown and Erie physicians disclosed that the cornea of the eye had been damaged beyond repair.

If no infection develops, however, the eye itself may be saved.

DIVORCE HEARING HAS AN UNUSUAL TWIST

An unusual twist provided in Warren County Court yesterday afternoon, when, following presentation of arguments in the divorce case of Ken O'Day vs. Betty L. O'Day, O'Day was arrested by Sheriff L. E. Lander on a charge of assault committed against Mrs. O'Day.

According to eye-witness reports, Judge Wade had just adjourned the court session about four p. m. and retired to his chambers. O'Day, apparently excited over some points of the case, was talking with his wife when he suddenly grasped her arm. He was immediately taken into custody by Sheriff Linder and arraigned before Justice of the Peace Tracy M. Greenlund, where he entered a plea of guilty to a charge of assault and paid a fine and costs.

Judge Wade has reserved his decision in the divorce case to study the arguments presented at yesterday's session.

FORMER GI VISITS 280 WARTIME BUDDIES

Doylesstown, July 13—(P)—Gunther (Joe) Pretsch of nearby Blooming Glen is satisfied today that he visited his wartime buddies—all 280 of them.

He left home 28 months ago in a battered army jeep.

To talk with 280 of the men who had served with him in Europe Pretsch traveled 58,000 miles into 39 states, Canada and Mexico.

Pretsch said he picked apples, drove trucks, cooked, sold fishing equipment, cantaloupes and watermelons and shoveled 80 tons of salt to help defray expenses.

He estimated the visits cost nearly \$4,000.

Helps 3 Happy Ways—SKIN Blotches—Blemishes*

Resinol goes to work the minute you smooth it on *externally-caused blemishes, blotches, pimples and blackheads. Resinol (1) brings soothing, lasting relief from irritating itch, (2) controls danger of "scratch infection," (3) covers unsightly spots with a fine, flesh colored film. Doctors have prescribed Resinol Ointment for over 50 years for quick, gentle skin comfort. Get Resinol today.

ICE CREAM RECORD

Pennsylvania ice cream manufacturers maintained their top production rank in the United States during the month of May when they turned out 6,620,000 gallons, the State Department of Agriculture announced from Federal-State surveys. Production for May was 42 per cent higher than April, two per cent above May 1949 and 14 per cent above the May 1944-48 average.

RABIES TESTS

When a dog suspected of having rabies is killed it should not be shot through the brain because the only sure test for proving the existence of rabies is through laboratory examination of that organ. The complete head should be packed by a veterinarian with a limited quantity of dry ice and sent by him to the Bureau of Animal Industry, Pennsylvania Department of Agriculture, Harrisburg. Frozen brains result in delay in examination. Plenty of absorbent material should be used in packing, department officials say.

FOREST FIRE REPORT

Forest and Waters Secretary M. F. Drasemel declared today that 1949 was the second lowest record year for forest fires and acreage burned in the history of the Commonwealth's 40 years of organized forest fire prevention and control. There were 1540 forest fires in 1949 which burned 32,722 of the over 15 million acres of Pennsylvania forest land, costing \$84,257 to extinguish and \$95,894 in damage. The Commonwealth's record year for the least number of fires and acres consumed was 1948 which had 842 fires and 13,000 acres burned.

MECCA FOR CAMPERS

Campers, picnickers, anglers and holiday travelers from adjoining states as well as Pennsylvania are spending enjoyable outings in greater number this year than ever before in the vast Allegheny National Forest in northwestern Pennsylvania, says the State Department of Commerce vacation and recreation bureau. Eight camping and picnic areas are scattered throughout this 640,000-acre tract of forestland for the enjoyment of visitors. Hundreds of miles of good fishable streams run through the forest. There are no cabins for use of the public in this forest but overnight accommodations may be had in the towns bordering the forest.

Delegation From Warren to Attend Moose Gathering

One of the largest gatherings of the Loyal Order of Moose ever held in North Western Pennsylvania, will take place at Moose Park Port Allegany on Sunday.

An open air initiation will be exemplified for more than two hundred candidates representing Bradford, Elkland, Emporium, Warren, Galeton, Kane, Johnsonburg, St. Marys, Ridgway and Port Allegany.

A degree team made up of members from the above named lodges will have charge of the ceremonies. Each of the lodges will also have a representation of 6 members on the various committees.

Warren lodge to be represented by the following: Glenn Robinson, Merton Moore, Mel Moylan, Al Tartacoff, Phil Laufenburger, James Schuler.

Secretary D. B. McGonnell of Port Allegany Lodge No. 460 has been particularly fortunate in securing as guest speaker for the occasion the Honorable Gordon Jeffrey of Toledo, Ohio, a member of the Mooseheart Board of Governors and one of the leading members of the Loyal Order of Moose in the state of Ohio.

It is expected that between 1500 and 2000 members from the various Lodges will attend the big affair.

At the Hospital

Admitted Wednesday

James and Ronald Sedar, Jackson street extension.
Joan Suppa, Irvine.
Dayle Ann Graves, 16 Glade avenue.

Mrs. Mary Donick, Sheffield.
Mrs. Mary Mikovch, Sheffield.
Mrs. Romaine Myers, 4 Hammond Road.
Joan Harrison, 23 Walnut street.
Mrs. Louise Ruhlman, Youngsville.
Mrs. Irene Morrison, Tidioute.

Discharged Wednesday

John and Stanley Zakrzewski, 432 Pennsylvania avenue, west.
Mrs. Angeline Muczynski, Youngsville.
Nancy Lundgren, 11 W. Fifth avenue.

Mrs. Jane Confer and baby, 11 St. Clair street.
Mrs. Edith Mourer, Youngsville.
Mrs. Evelyn Hagstrom, 214 N. Irvine street.

Mrs. Mary Foster and baby, 5 Maple Place.
Mrs. Evelyn Allen, Warren RD 1.

James and Ronald Sedar, Jackson street extension.

Birth Record

At Maternity

Mr. and Mrs. Frank Stec, Spring Creek, a daughter July 12.
Mr. and Mrs. William Lawson, 27 W. Third avenue, a son July 12.

Annual Field Day Set for Aug. 25-26

Preliminary plans for the annual Field Day, sponsored by the Warren Field and Stream Club, were announced at a meeting of the organization in Irvinedale school, Jackson street extension this week.

Dates for the Field Day, to be held at Wilder Field, Irvine, will be August 25 and 26. Special attention will be given to the entertainment of youngsters who accompany their parents. Free pony rides is one phase that is being considered.

Another interesting feature will be a live trout display featuring the three species found in local waters.

Harry Schmidt, chairman of the club's ringneck pheasant raising program, announced he had received 375 day-old chicks and that they are doing very nicely thus far. The club approved a system to band the birds, so that some idea can be obtained as to the success of the program. Hunters shooting a ringneck cock with a Field and Stream band are asked to return the band to the club. A system of awards will be set up for hunters cooperating in this work.

The purpose of this little side-play on ringnecks is to encourage everyone shooting a club-raised bird to report it so that the club may learn whether the hundreds of dol-

lars they are spending is bringing sportsmen in the county a comparable return in the field. Indications last year were that the bag of ringnecks was very small considering the number of birds the State Game Commission and the Field and Stream Club put out just ahead of the season. There was a feeling among some club members that too many of the birds were put on land which immediately afterwards was posted to prohibit hunting.

John Schuler, chairman of the Membership Committee, announced that the club now had 2099 paid-up members.

The turkey season for Warren county, announced by the Game Commission, was a disappointment to many club members. The organization had gone on record last month as being in favor of keeping Warren county closed for another year. Another thing that puzzled the sportsmen was that the Turkey season was set for Nov. 1 to 25, while the grouse season was only for Nov. 1 to 15.

An education film, "Romance of Industry", supplied through the courtesy of the Carborundum Company of Niagara Falls, was shown following the business session.

HOBG RESTING

A transient, who bedded down on the lawn of a Market street home for a short nap shortly after midnight this morning, was picked up by police and allowed to continue his slumbers at the station.

Hotel Shooting In Pittsburgh Probed

Pittsburgh, July 13.—(AP)—A 55-year old Schenley hotel watchman held in the slaying of two fellow employees and the wounding of another, will undergo a mental examination, Assistant District Attorney Samuel Strauss indicated today.

Police are trying to determine the motive of Domenico Omogrosso whose rage exploded into a gun-firing rampage at the hotel yesterday.

Omogrosso shot down hotel baker Alphonse Marano, 61, who died instantly. Then he went into the ornate lobby, reloaded his gun and shot Assistant Manager H. W. Kunde, 51, and Desk Clerk John S. Harper.

Harper died several hours later. Kunde is reported in fair condition. During questioning, Strauss asked him why he hadn't shot himself after his rampage. Omogrosso said:

"That's what I should have done."

Without a word, Strauss handed over the gun Omogrosso had used.

The watchman put it to his head and pulled the trigger. There was a click and Omogrosso looked surprised. The gun was empty.

Times Topics

TO CONVENTION

Prothonotary Ralph E. Sires will attend the state convention of prothonotaries to be held at Bedford Springs the last three days of next week.

SUSPICIOUS CHARACTERS

Police received a call about 10:30 o'clock last evening when four suspicious acting men were noted loitering around a local warehouse. Investigation proved them to be OK.

BIKE RECOVERED

Police, on patrol last evening, found an abandoned bicycle along the banks of Conewango Creek on lower Conewango avenue. The wheel was taken to headquarters where the owner may recover it.

CAR FOUND

Police, at 8 p. m. last evening, brought in a car illegally parked on Pennsylvania avenue, west, near Hazel street. The owner had left the keys in the vehicle, and gone away.

CAR STRUCK

A car owned by Sam Manno, parked on Pennsylvania avenue west, was struck by a passing car about 4:30 yesterday. Damage was minor and the offending driver agreed to settle. There was no formal report filed.

TRUCK NOT STOLEN

A local garage owner reported to police about 11:30 o'clock last night that a truck, left at his place of business for repairs, was missing. Police found that the owner had driven the vehicle home without telling the repairmen.

PICNIC FOR CARRIERS

The annual picnic for Times-Mirror carrier boys will be held Saturday afternoon at Walker's Beach on the Lovers Lane Road. The boys will meet at the office at 12:30 o'clock and will be given transportation to the outing place. Among the prizes that will be given away, will be a bicycle, fully equipped, as a grand award. A chicken dinner will be served at 6:30 o'clock, and refreshments will be available throughout the afternoon. For further information see "Howie," manager of the circulation department.

BIKE REGISTRATION

A large crowd of bicycle owners was present at the Municipal Building this morning for the first day of the bi-annual bicycle registration. A new type of license plate is being used this year, being fashioned of aluminum with self-fasteners. Boy Scouts assisting today are from Troop 8. Those working this morning are John Kifer and John and Jim Eberly. On the afternoon shift today will be Charles Salerno, James Buchanan and David Lopez. Tomorrow, Scouts of Troop 11 will assist. Those working will be William Hedman, James Whitnir, Tom Slater, Dennis Flick, Howard Buchanan and Michael Kotmalr.

How Many Wear FALSE TEETH

With More Comfort
FASTTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks plate odor (denture breath). Get FASTTEETH at any drug store.

TIME FOR ACTION

Governors all over the nation could well copy the initiative of Gov. Thomas E. Dewey of New York in the civilian defense field. He's been having emergency talks with his cabinet on defense plans for the whole state.

As Dewey points out and national authorities concede, the states up to now have received virtually no guidance from the federal government in preparing an adequate civilian defense. They have no choice but to take matters into their own hands and plunge ahead.

W. Stuart Symington, chairman of the National Security Resources Board, is the key federal executive in this field. But until he was named to the job a few months ago the post had been vacant for months.

And no one in Washington apparently took civilian defense seriously until last September when it was learned Russia had the A-Bomb.

The truth is that though some cities have test programs under way, no community is ready now to face an A-Bomb attack. The lack of efficient civilian defense could be, in Symington's view, the difference between a serious and a fatal disaster.

"It is estimated that with only 12 minutes' warning as against no warning, and under efficiently planned civilian defense, the casualties in a city hit by an atomic bomb could be reduced 50 per cent," he said recently.

Unfortunately for such plans, no one has even decided yet whether the cost of civilian defense staffs and equipment should be borne by the federal government or the states and cities.

One need not be an alarmist about the prospects of the Korean war spreading into general war to realize the time is long past for feeble inaction in this field. Harsh reality, uncolored by hysteria, requires us to be prepared for the worst in a world that contains the Soviet Union.

No A-Bomb attack may ever come; but if it does, it will then be too late to talk about combatting its results with effective defense.

In New York a State Civil Defense Commission has been created and provided with \$100,000 to get going. State officials have been working on preliminaries for nearly a year, and Dewey's emergency cabinet sessions were the signal for the commission to move ahead at top speed.

Some states may already be taking similar strides. Certainly none which would be likely targets in an atomic war can afford to delay further the making of specific civilian defense plans. And perhaps if they begin showing the way, the federal government will be spurred at long last to establish an effective over-all program.

SENECAS TAKE DISPUTE TO COURT

Unwilling to accept the ruling of the U. S. Commissioner of Indian Affairs on the validity of a proposed new constitution for the Seneca Nation and an election purporting to have been held under it, the faction opposing the present tribal administration has taken steps to secure a court decision, says the Salamanca Press. Theodore L. Jimerson of Irving, who headed the single ticket of the candidates submitted at an election called by the People's Committee, is seeking an injunction to require that \$2,500 in rental moneys be turned over to him and his associates, instead of to the Seneca Nation officers elected in 1948 for the two-year term ending Dec. 31, next. The sum is paid to the council annually for government expenses. August 5 has been agreed upon as the date for arguing the application for an injunction, in federal court at Washington.

In formally announcing that he is "unable to recognize as valid the constitution sponsored by the so-called People's Committee," Indian Commissioner Dillon S. Myer bases his action on grounds already noted in the columns of this paper.

1.—The procedure under which the "election" was conducted and the "constitution" approved did not, he says, follow provisions of the Seneca Nation constitution which confers upon the Seneca Council discretionary power to appoint a three-man revision committee. This committee, said Myer, has power to submit constitutional amendments to council, and the council is required to submit the amendments to a vote.

2.—The "new constitution" was approved at an election in which less than a majority of the eligible voters took part. Says the commissioner: "It does not appear that the procedure outlined in the constitution was followed, or that sufficient votes were obtained by the so-called People's Committee, in their attempt to establish a new constitution."

Doing Pretty Good So Far

Here And There

We have received a request from Ken Carlson, president of the Warren Junior Chamber of Commerce which we are passing on to our readers with the idea in mind that many can help. The Jaycees want to obtain as many different kinds of photos of their various activities throughout the year so that they may be used in their scrap book which is submitted in state competition at the annual convention. The officials of the organization are anxious to obtain any unusual photos which the public took over the three-day celebration. A good many hundreds of snaps were taken of the parade alone, among which there should be some dandies. They are hopeful of getting enough movie films of the parade to show at their next meeting to be held at the YMCA July 19th. Bob Johnson, of the Times-Mirror, is in charge of this activity. Anyone willing to loan films for that night are urged to contact him.

This And That: Down at State College they are dissatisfied with the preliminary report of the recent census and have asked for a recount, insisting that there is something radically wrong with the figures. The request for the recount was made by the city manager. Sounds like a suggestion for Warren! ... Seventy-two million pages of newspaper are having a new use this month, it all the readers of Woman's Day Magazine have followed the suggestion made in two tasty-sounding picnic recipes. In lieu of thermos jugs, said the magazine which sells about 3,000,000 copies through A. & P. stores, pack the hot corned beef stew or the ice-cold fruit in jars wrapped in at least 24 pages of newspapers for last insulation. ... When James W. Marcin, assistant state director, Treasury Department, U. S. Savings Bonds Division, visited the Times-Mirror the other day to urge a speed up in bond buying in Warren county, he reminded that the Liberty Bell replica, which visited Warren June 20, has completed its 2,500 mile tour. The symbol of the Treasury Department's Independence Savings Bond drive, left Philadelphia on May 15 and returned to that city July 4. It served well on its visits to cities and towns through the state to remind citizens of American ideals and beliefs, one of the foremost being personal financial security through the purchase of series "E" U. S. Savings Bonds. ... Harry Shawkey must have made another sale for the benefit of the Zern Crippled Children's Home at Erie; he's walking down the street without a cane. ... The Hagen Bros. circus, appearing at Crossett Field in North Warren Friday as a benefit for the Civic Club, is playing on the East Main street field in Corry today under the auspices of the Kiwanis Club of that city. ... WNAE listeners were pleased to hear the voice of Wiles Hallock on Chuck Trantner's sportscast Tuesday evening. Seemed good to hear the old line of chatter between these two popular announcers. ... Our social editor suggests that we remind readers to keep sending in those personal items about entertaining guests from out of town. Friends like to know when former residents are back; don't wait until they're gone with the wind before calling up with a reminder about them. ... A recent issue of the San Antonio Evening News carried an interesting story with pictures about the public health nurse there, who happens to be Mildred Berkley, daughter of Mr. and Mrs. Robert Punskey, Pennsylvania avenue east who trained in the Philadelphia Hospital, and has been in San Antonio where her husband operates a restaurant, for the past four years. In addition to her duties as public health nurse, Mrs. Berkley devotes much of her time to her family, consisting of the husband and two children.

WASHINGTON COLUMN

'50 Senate Race Shunned by Three Midwestern Governors

BY PETER EDSON
NEA Service Correspondent
COLUMBUS, Ohio.—(NEA)—It is a curious political fact that in this off-year election the Democrats are not putting forward their best possible candidates in the three key midwestern states of Ohio, Indiana and Illinois.
The three best men in these states are their governors—Frank J. Lausche of Ohio, Henry F. Schricker of Indiana, and Adlai E. Stevenson of Illinois.
Their senatorial candidates in these states are Auditor Joseph T. Ferguson in Ohio, Sen. Scott Lucas in Illinois, and ex-Assst. Atty. Gen. Alex Campbell in Indiana.
The three Republicans these Democrats will have to beat are the incumbent Senators Robert A. Taft of Ohio and Homer Capahart of Indiana, former Rep. Everett Dirksen in Illinois.
Lausche, Schricker and Stevenson have built up amazing records. They may not yet be presidential material. They are definitely good vice presidential material, and first-class senatorial material.
Even Republicans in the three states admit that their governors have been good administrators. They are honest. They have big popular followings. They have not played machine politics.
THE reasons why these three good governors have not been tapped for the U. S. Senate are similar in one respect. All three governors may have their eyes on senatorial races in 1952 or later.
Governor Lausche is frankly an admirer of Senator Taft, and would not want to campaign against him. Governor Lausche's frank statement at the governors' conference in White Sulphur Springs, W. Va., that he had not made up his mind whether to vote for Taft or Ferguson is an indication of this nonpartisan admiration. But in 1952, Ohio's Sen. John W. Bricker's term as senator will expire. And beating Bricker should be duck soup for Lausche.
In Illinois, Governor Stevenson has just begun his cleanup and reform program. For him to walk out on this job at this early stage would be a great political mistake. Also, as long as Democratic Majority Leader Scott Lucas wants to retain his seat, it would create a major party split to try to take it away from him.
But there is no denying that Senator Lucas has not been an unqualified success as majority leader in the Senate. Smart political strategy for the Democrats might have been to pick a new and more popular candidate.
After this year's race, Illinois will not elect another U. S. senator until 1954, when Democratic Sen. Paul Douglas' present term expires. Senator Douglas has been popular, and can probably have renomination if he wants it.
BOTH Gov. Stevenson and Sen. Douglas, however, may be headed for even bigger things, politically. Both have been mentioned as vice presidential material, and even as presidential material by President Truman should not be a candidate in 1952.
The Indiana senatorial picture is confusion compounded. Governor Schricker could have had the Democratic senatorial nomination by mere nod of the head or a flick of the finger. But he told his many friends and supporters not to present his name to the Indiana Democratic convention.
Senator Capahart has a good chance to beat Campbell. Sen. Capahart could probably not beat Governor Schricker if he had to face him.
The indications are now that Governor Schricker has his eye on 1952. Republican Sen. William E. Jenner wants to retire from the Senate and run for governor of Indiana in 1952. He does not like Washington. And in 1952, Schricker would be almost unbeatable.

Morning Pickups: Jerry Burnett, of the James Horse Farm, Warren, will ride his mount at the Kiwanis-Roadside Saddle Club's "Horse Show and Fair" Saturday and Sunday at the Larsen farm, near Dempseytown. State Police trained dogs will be a feature. ... And that reminds us, tickets have been on sale for some time for the Old-Timers Ball Game, at Memorial Field, July 29, as a benefit for the Warren Kiwanis Club's underprivileged children's fund. Added attractions will be a game between Warren and Jamestown, and the famous German band. ... Don't forget the circus at Venturietown tomorrow under the auspices of the North Warren Civic club.

YEARS AGO

Interesting Items Taken From The Warren Evening Times

1930
Dr. M. V. Ball, of Warren, was re-elected secretary and treasurer of the northwestern Pennsylvania Medical Society at a meeting held at Conneaut Lake Park.

After more years of service than anyone at the court house can recall, the old Myers pump has been replaced by a new one of the same type and manufacture.

Over 100 members of the Little Heralds and Mothers Circle gathered for their annual picnic yesterday afternoon on the South Side near the playground.

Fire destroyed the Brokenstraw airport shortly after one o'clock in the morning. Three airplanes, a glider and the hangar were a total loss. The loss was only partly covered by insurance.

Although the Warren airport is only in course of development, and it will be some weeks before it is ready for dedication, arrangements were completed this morning for the highest aerial marriage ever performed to take place this evening at six o'clock at the local airport. The principals are Miss Barbara Moore, daughter of Mrs. Barbara Moore, Walnut street, employed in the office of Justice of the Peace Davis, and Corporal Russell Beck, of the Warren barracks of the Pennsylvania State Highway Patrol.

Paul DeFrees and his two nieces June and Anne, will make the flight in the Red Wing plane with Chief Pilot Roy Ahearn, this evening when Jack Dare makes his daily leap.

1940
War Bulletin: The Italian high command claimed notable successes as Britain and Italy lashed away at each other on land, sea and in the air in their fight for control of the Mediterranean and supremacy in Africa.

The Hill and Dale Garden Club held its annual flower show at the community house. The committee in charge was composed of Mrs. Edward Barkman, Mrs. M. L. Johnson, Mrs. Howard Rathburn, Mrs. William Hill and Miss Josephine Ricker, assisted by Mrs. Currie Mickelson.

Mrs. E. G. Hamilton defeated Mrs. Harold Banghart at the Country Club on Thursday to take the woman's golf championship for the month of July.

Mr. and Mrs. W. F. Clinger, and Mr. and Mrs. M. H. Deardorff are in Pittsburgh attending the meeting of the Pennsylvania Historical Society.

From where I sit ... by Joe Marsh

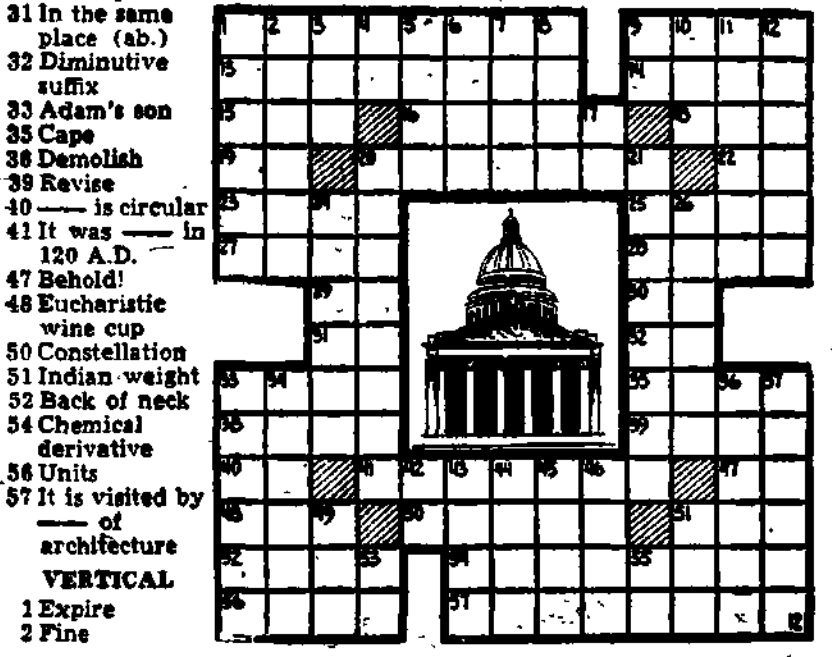

**There it Was—
Right in The Middle!**

Easy Roberts mowed his lawn early last Saturday. Then he sat on the porch, and watched Handy Peterson cutting his grass.
The Roberts' property and the Peterson's border each other—with no hedge or fence between them. So, when Easy notices Handy had left about a four-foot strip unmowed along the boundary, he walks over and asks why.
"That's your land," says Handy. "Mine ends here. See, it lines up with that oak tree across the road!" Easy didn't think so, so they went up and down looking for the surveyor's marker. Where did they find it? Right in the middle of their "no man's land!"
Well, they both grin and take turns snishing the job and then retreat to Easy's for a friendly glass of beer together. From where I sit, a little searching around for the truth of the matter often shows that the other fellow is as much right as you are—at which point the whole thing doesn't seem as important anyway.
Joe Marsh

MANY NEVER SUSPECT CAUSE OF BACKACHES

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead to a condition called backache, loss of pep and energy, headaches and dizziness. Getting up at night or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.
Your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

**How Long Does
CHANGE OF LIFE Last?**

For some women mid-life's special "change" may be a responsible short-term; for others, unfortunately, much longer. In either case the sensible thing is to make this very trying period as easy as possible. That's why today's thousands of women bless Gardol. Its modern-type aid so often gives just the comforting help needed to make the change-over to menopause a pleasant one. Gardol's relaxing, soothing action helps Nature increase resistance, fortify vitality, and give you a brighter outlook on life. Be sure you get Gardol today on any drugstore. (Gardol is "non-hormonal.")

NOTICE

IN RE: Estate of WINNIFRED B. ADAMS, deceased. No. 6, February Term, 1950, in the Orphans' Court of Warren County, Pennsylvania.
Notice is hereby given that the administrator of said estate has filed his First and Final Account which was confirmed absolutely on March 8, 1950; that said Administrator petitioned said Court to make distribution of the balance for distribution; that said Court fixed 10:00 o'clock, A. M., July 27, 1950 as the time for hearing in the matter of said distribution; and that all persons interested in the distribution of said estate may appear before said Court at said time and may then and there be heard.
BLACKMAN & BLACKMAN,
Attorneys for Administrator.

Hal Boyle's Comment

By HAL BOYLE

New York—(P)—There is a growing uneasiness among army veterans that the American expedition in Korea may end in another Dunkerque.

Time, they feel, is fighting right now on the side of the heavily armored North Koreans—and against the lighter-armed U. S. forces.

One retired high-ranking officer I talked to felt that only an immediate mobilization of manpower and industry could stave off disaster in Korea—and perhaps other fronts to follow. He is one of the most experienced veterans of the last war, having fought in Africa, Sicily and Europe.

"We'll be lucky in Korea if we aren't pushed right back into the sea," he said. "The situation there is simply a matter of mathematics.

"So far we've had to send a boy to do a man's work. We've had to throw in a couple of companies and here—a battalion there—and watch them get chewed to pieces. It's the same thing we did at Kasserine Gap—feed small units in one at a time to be destroyed."

This officer felt there was real doubt whether enough reinforcements could be put into the field in time to avoid a complete withdrawal from Korea.

He pointed out that the North Koreans had bucked 100 miles in slightly more than two weeks—and that another 100-mile advance would carry them to the tip of the Peninsula.

The battlefield is about 125 to 135 miles wide. To do the job right we ought to have at least six good divisions on the line—and

two in reserve. That means eight divisions at the least. And eight divisions is an army—150,000 men or more.

"Where can we get that many men without mobilizing? We have only 12 divisions now all told, and they're stretched all around the world from Tokyo to Berlin."

What worried him also is the fact Russia has a reported 85 divisions in being, and some 200 more in reserve.

"She is just throwing a left jab at us in Korea, testing us out," he said. "And she isn't even using her own men—she's using satellite troops."

This officer felt, as so many other veterans do, that the American military machine should be quickly expanded in an all out effort.

"The public doesn't realize yet how desperate the situation could become," he said. "We have fine new weapons, but we have to get them into mass production. And we need the men to man them."

"Korea may be just the prelude of what is coming, and we can't afford not to be ready."

CLARENDON

Clarendon, July 13—Members of the family and close relatives of Anthony Vicini gathered at his home Monday evening for a surprise birthday party. A social time was enjoyed, lunch was served and the guest of honor was the recipient of many gifts. Those present were Mr. and Mrs. Louis Vicini, Mr. and Mrs. Donald Vicini, Mr. and Mrs. James Scalise and children, Jean, Carol and James, Mr. and Mrs. Robert Vicini and

Sir Walter Scott wrote the novel "Guy Mannerling" in six weeks in 1815.

U. S. Crop Forecast Assures U. S. Can Up Its 1950 Meat and Dairy Output

Washington—(AP)—An official forecast of a 3,175,000,000 bushel crop, the fifth largest on record, gave assurance yesterday that the United States can step up its meat, dairy and poultry output if the military situation demands.

The corn harvest forecast by the Agriculture Department in its comprehensive crop report of season is one-fifth larger than government recommended last year under an acreage allotment program designed to keep surpluses from becoming a problem.

Supplementing the corn as livestock feed are larger than average crops of oats, barley, grain sorghum and hay.

With record reserves of corn already tied up under government supports, the indicated corn

crop could turn out to be a blessing in event of greater food needs, but a headache for farmers and the government if not needed.

In the latter event, such a crop might require the government to invoke marketing quotas on corn for the first time next year.

In total, this year's prospective volume of all crops is considerably smaller than that of the last two years.

The reduction reflects effects of government acreage control programs for corn, wheat, cotton, tobacco, peanuts and potatoes.

Nevertheless, the indicated volume is larger than that in five of the last eight years and much larger than any year prior to 1942.

Total farm plantings were about 57,000,000 acres, or about 13,000,000 less than last year. Much of this reduction was in cotton.

Wheat prospects picked up about 12,000,000 bushels from the 944,000,000 forecast a month ago. Such a crop might be about 66-

Conservation District Directors Hold July Meeting

The July meeting of the Warren County Soil Conservation District Directors was held at the Hotel House in Warren. The chairman, Stanley Laurence, called the meeting to order.

Plans were made by the directors to advertise for sale the Allamers HD-7 bulldozer owned by the district. Written sealed bids will be received by the directors until August 1st at which time they will proceed with the auction of the equipment.

Mr. Laurence called on Harold Geiger, Soil Conservation Service, for a report of activities in Warren District. Mr. Geiger reported the accomplishment for the last six months period. He stated that a total of 285 er-district cooperators are at present. Of these 200 complete soil conservation prepared for their farms.

Carl Prall, from the Pennsylvania Dept. of Highways at Union, reported that he would set the directors about August 1st at which time he will report, in the field, all of the high water disposal problems which have arisen in the preparation of farm conservation plans.

Others present included Mr. N. Steiner, Penna. Dept. of Highways, Ralph W. Hunter and Ph. Ruble, Soil Conservation Service, and District Directors in P. Lindell, Carl G. Peterson, Paul Mitchell.

WEST HICKORY

Club girls are enjoying an outing at Camp Duhring. The Girl Scouts have been enjoying camp at Mountain View, the leader, Mrs. Hazel Kiffer, Mrs. Walter Cook in charge. Mrs. Blair Stuchell taking over for one day. The girls enjoyed swimming, games, and plenty of good eats.

Mrs. William Taylor and Miss Green entertained Rev. and Mrs. Elroy Sayers, Tionesta, at supper at the Green home.

Recent guests at King's Farm have been Mrs. Mamie Carson and grandchildren, Sallio, Carol and Nancy, of Houston, Texas; Mr. and Mrs. Eugene Green and daughter, Mary Kay, from town; Mrs. Kay Parker, Tionesta; Mrs. Arlene Hunter, Blairsville.

Mrs. O. O. Kinnear spent the weekend in Oil City with her mother, Mrs. Fred Gold and family. Dolores Kinnear is home after spending several weeks at Jameson with Mr. and Mrs. James Kinnear.

Mr. and Mrs. Forton Calijouri visited recently with their daughter, Mrs. Monty Chapman, and family at the Chapmans' new summer home at Kennethdale.

Mr. and Mrs. Frank White, Adyside, O., spent the past weekend with their parents, Mr. and Mrs. Taylor White.

Customers' Corner

When you buy a can of food, you can't see the contents.

That is why the labels on practically all of A&P's own quality brands of fruits, vegetables and juices tell you exactly what the can contains.

We tell you the U. S. Government grade.

We explain exactly what that grade means.

We list the uses for which the grade is best suited.

In other words, we not only want you to get quality food at low prices at your A&P, but we want you to know in advance what you're getting for your money.

Read the labels carefully on your A&P canned foods. If the contents should ever fail to live up to our claims or your expectations, please let us know.

New Generating Station at Seward Is Now In Service

Pennsylvania Electric Company Wednesday marked the completion of a new \$8,000,000 addition to its generating station at Seward, near Johnstown.

Civic leaders of the area and company officials were guests at the ceremonies as David W. Jardine, Penelec president, accepted the addition which has added 51,000 kilowatts to the station's generating capacity.

Mr. Jardine said, "This event which we are celebrating today climaxes three important steps in the growth of Penelec. Two weeks ago we inaugurated a new East-West interconnection of electric transmission facilities across Pennsylvania from Lake Erie to the Atlantic Ocean. Last week we broke ground for a new 63,250 KW addition to our Front Street Generating Station at Erie and today we have witnessed the completion of this fine addition at Seward."

Walter C. Sontum, Penelec vice president in charge of the Technical department, explained that the addition includes a 46,000 kilowatt Westinghouse turbo-generator, two Babcock and Wilcox 300,000 pound-per-hour boilers, an Ingersoll Rand condenser, auxiliary equipment and space for store-rooms, machine shop and locker rooms. He explained that an additional 5,000 kilowatts is gained from more efficient operation of three previously installed turbines by use of the new boilers.

Mr. Sontum in his remarks pointed out that Penelec now has a generating capacity of 490,000 kilowatts to serve its more than 310,000 customers, an increase of 110% since the end of the war. He said, "We have invested more than \$20,000,000 in the last few years to complete this addition and the new Warren Station. All this money was provided by private investors who have faith in the future of the area we serve and none of it was furnished by the Federal Government."

Seward is the largest generating station in the Penelec system with a capability of 140,000 kilowatts per hour. This is more than enough

power to meet the needs of the company's 270,000 residential customers in 24 counties in western and south central Pennsylvania.

Guides conducted the visitors through the new addition and explained the working of the complicated equipment.

A dinner at the Findley Run Club House featured addresses by Mr. Jardine, Mr. Sontum and E. W. Morehouse, a Penelec director and vice-president of General Public Utilities, New York.

Among Penelec officials attending was K. R. Williams, chief-engineer of the Warren station.

TIDIOUTE

Dr. W. J. Prout has returned from New York and Ardmore, where he visited two of his parishioners, Miss Martha Jennings and Mrs. H. J. Jennings, at the home of Mr. and Mrs. J. Howard Few. Mrs. Emma Jennings' many friends will be sorry to learn of her continued illness at the Few home.

Kathleen Miskimon was taken to Warren General Hospital Saturday.

Mr. and Mrs. F. E. Kapp, Mr. and Mrs. R. W. Smutz and Mrs. Frank Brocklehurst called on Esther Kinnear at Chautauqua assembly grounds.

Mr. Sommerville has returned to the home of his daughter, Mrs. Karl Merkle, after spending several weeks with his sister in Washington.

Mrs. Barbara Greenhouse and son of Sewickley, are visiting her aunt, Mrs. Harry Lewis.

Mr. and Mrs. W. D. Carnahan were recent visitors in Erie.

Recent guests of Mr. and Mrs. Harry Devereaux were Mrs. Moulton and daughter, Jeannette, Oil City; Mrs. Detrice Hite, Rochester, N. Y.; Mr. and Mrs. Duffee and children, Sharpville; Mr. and Mrs. Harry Mohr, Oil City.

Olive C. Siverling, from Iowa, is visiting her cousin, Pearl Lewis.

Mrs. George Thomson spent a few days with Ruth Thomson at Warren.

Mr. and Mrs. Covey have returned to their home in Syracuse

after spending a few weeks with Mrs. Covey's parents, Mr. and Mrs. John King.

Ida Byrnes is spending a few days in Punxsutawney visiting relatives and friends.

Mrs. W. Helfrich has returned to her home in Titusville after spending last week with her parents, Mr. and Mrs. J. P. Sage.

Mrs. Fred Levine spent last week in Buffalo visiting her son, William.

Mrs. Esther Gully and daughter, Janet, left Monday for a week's visit in Cleveland, O.

Mrs. R. J. Gustafson spent the weekend in Jamestown visiting Mr. and Mrs. E. E. Howard.

Mr. and Mrs. W. Linsen have returned to Greenburg after a week's visit with Mr. and Mrs. John King.

Mrs. Dora Lineman has returned home from Olean, where she spent several weeks with Mr. and Mrs. E. Arters.

Mrs. Charles Derfus, Meadville, are guests of Mr. and Mrs. E. Lewis.

ROVING HIPPO

In South Africa, a 6,000-pound hippopotamus developed wanderlust and set out on a journey of 1,000 miles, from Zululand to East London, visiting cities, parks, monasteries, farms, and cabbage patches en route. Untimely death at the hands of a rifleman ended the strange odyssey.

All Spring Planted Crops Are Still Late Officials Report

Harrisburg—(AP)—June was generally a month of good growing weather on Pennsylvania farms but all spring-planted crops still are late, the state agriculture department said today.

The department reported the army worm "very destructive" in localities in central and southern counties from the Ohio Line east to Northumberland and Chester.

State and federal authorities announced these initial production estimates for Pennsylvania in 1950:

Corn, 62,100,000 bushels, well above the 1939-48 average of 55,274,000 bushels, but 1,977,000 bushels below the 64,077,000 bushels harvested in 1949.

Potatoes, 18,050,000 bushels, approximately 1 1/10 million less than 1949 and roughly the same

amount below the ten-year average.

Tobacco, 61,405,000 pounds, or 2 7/10 million above 1949 production and over 10 million pounds above average.

The hay crop estimated at 3,640,000 tons, is 7 per cent above 1949 production and 5 per cent above the 10-year average.

The estimate of oats dropped over 1 million bushels—from 27,324,000 bushels on June 1 to 26,248,000 bushels on July 1, while wheat went up from 18,748,000 bushels to 19,820,000 bushels.

Substantial fruit crops are in prospect. The first 1949 federal-state prediction on commercial ap-

ples is a crop of 7,875,000 bushels, compared with 9,680,000 bushels in 1949 and the ten-year average of 7,300,000 bushels.

The June drop of cherries was heavy. The production estimate of July 1 was 10,500 tons, 100 tons below the June 1 estimate but 3,250 tons above the average of 7,250 tons. Peach prospects did not change from the June 1 estimate of 2,223,000 bushels.

"Air layering" of rhododendron cuttings is necessary to store them for later propagation.

The diving-bell is said to have been invented by Roger Bacon.

Low Church To
ve Annual Picnic
Park Saturday

Ludlow, July 12 — The annual regattional picnic for members of the Lutheran church will be held at Wildcat Park Saturday. Day school children are to meet at 1 p. m., when the committee games will take charge. Supper will be served at 6 p. m. Members are being notified by Edith on and her committee concerning the picnic. The meeting will be held at the park Thursday evening with Kane men as guests. Ludlow folks are invited to the Aid meeting at the Lutheran church Thursday night at 8 p. m. "Footprints of China," a film, "Footprints of China," will be shown. Mrs. Herman Davidson will be the hostess.

Warren Missionary Society was retained by Mrs. Leland Engle at her home, with a fine attendance. The meeting was conducted by the president, Edith Larson. It was decided to sponsor Christmas wrapping paper, and plans were made for a supper at the church next week for members. Coffee was served in the late evening. Guests included Mrs. Robert Gustafson, Mrs. Arthur Christensen, Mrs. Benson, Sheffield, and the Lutheran Ladies Aid held its regattional picnic at the church, with Mrs. Ernest Swanson and Mrs. Al Swanson as hostesses. The picnic was conducted by the president, Mrs. Axel K. Anderson, who gave the scripture reading, and a short meditation. Ed Wenstran gave several pl-

MARRIED FIFTY YEARS—Mr. and Mrs. Charles Deshner, Endeavor, who recently celebrated their golden wedding day with an open house for relatives, friends and neighbors. Mae Mealey and Charles Deshner were wed in Olean, N. Y., but have spent all their married life in Warren and Forest counties.

one must have an average of 3 or higher. The Covenant Mission congregation held its picnic in conjunction with the Warren Covenant church picnic. Games were directed by Louis Fredrickson, who was assisted by Violet Sequist and Avanelle Anderson of Warren. After supper, a vespers service was held, at which the Rev. Herman Davidson, of Ludlow, was the speaker. Mr. and Mrs. G. D. Swanson and Kent Swanson were guests of Mr. and Mrs. Julius Swanson, of Meadville, Sunday in celebration of the 25th wedding anniversary of the Julius Swansons, as well as the birthday of Mr. Swanson. Mr. and Mrs. Richard Nelson and daughters, Washington, D. C., spent several days last week with George Nelson. Clyde Gilfert has returned from Espinola, Canada, where he had spent the past week on a fishing trip. Mrs. Ray Swanson has returned home and she is recovering rapidly from recent surgery at Kane Community Hospital. Frank Nelson has left with the Paul Bloomquist family, of Kane, for a week's vacation in Canada. Seaman Apprentice Paul Johnson has arrived home from Norfolk, Va., after having completed his one-year enlistment. He is the son of Mr. and Mrs. John G. Johnson. Arne Youngberg and Johnny Erickson have returned to their homes in Erie, after having spent the past week with Freddy Johnson. In attendance from Ludlow at the parish education conference work shop at the Tabor church in Kane, were the following: Mr. and Mrs. Gustav Olson, Mr. and Mrs. Enoch Nelson, Edith Larson, Tillie Olson and the Rev. and Mrs. Hans Pearson. Roy and Dan Preston, Erie, Mr. and Mrs. Lyle Preston, Mr. and Mrs. Kenneth Stokes, Pleasantville, were Sunday guests at the Albert Carlson home. John Preston returned with them to visit in Pleasantville for a week. Little Natalie Gilfert, daughter of Mr. and Mrs. Clyde Gilfert, has left for Camp Easter Seal, Laurel Hill State Park, Somerset, where she will spend eight weeks. Kiester Connelly, son of Mr. and Mrs. E. K. Connelly, is attending a one-week session at the YMCA camp of Kane, being held at Cornplanter. Janice Carlson left Wednesday for Girl Scout Camp at Birdsall Edey. Emily Johnson has returned from Browne session at the camp and her sister, Doris, is scheduled to attend a two-weeks session later.

CURIOUS CORN
Corn's value lies in the meat it produces. Corn has practically no commercial value as a human food, although the United States produces 2,500,000,000 bushels of it annually. Only about 10 per cent is used in breakfast foods, corn syrup, corn meal and other human needs, the rest going as food for cattle and hogs or becoming surplus.

The Philadelphia mint, which was established in 1793, is the oldest of the three coinage mints in the United States.

The Nation Today

BY JAMES MARLOW

Washington, July 12—(AP)—Foster Furcolo went to Yale. So his arithmetic ought to be all right. And it really came in handy for him, as this story will show.

He's a young man, 39, serving his first term in congress, in the house. He's a Democrat from Massachusetts. After two years here he learned what people who have been around longer take for granted.

It's this: That every year, just as surely as little boys get measles, members of congress do two things: they preach less govern-

ment spending and vote for the "pork barrel" which means spending.

"Pork barrel" includes things which cost the taxpayers money but please the folks back home where the votes are: things like dams, flood control walls, river and harbor improvements, post offices.

Some times the pork barrel items may really be necessary for the benefit of the home folks; sometimes, maybe not. But to get them, the home folks put plenty of pressure on their senators and representatives.

Of course, members of both house and senate do the economy preaching. But the senators seem to make more noise. Maybe that's because talking-time is limited in the house but isn't in the senate.

Anyway, after watching the show for a couple of years now, Furcolo got out his pencil and paper, did some figuring, and came up with this information which he duly reported to his fellow members in the house:

Year after year the senate has been voting for bigger spending than the house. From 1940 to 1950 the senate voted to spend about \$18,390,210,943 more than the house thought necessary.

That's not just pork barrel. That sum includes all the things for which the senate voted money to run the government. Pork barrel items were just a comparatively small part of it.

But—For pork barrel items, Furcolo found, from 1940 to 1950 the senate voted to spend about \$636,000,000 more than the house. Very politely, though, he told the house:

"The average senator does his best to obtain whatever dams, flood control walls, river and harbor improvements, highways, post offices and other federally financed projects that he believes are beneficial and necessary for the people of his nation and the people of his state."

But then he added a paragraph and, if you read it twice, it may occur to you that he has sense of humor, for he said of the average senator (although he could have said it of the average house member, too):

"Of course, he scrutinizes such projects with an economy eye focused on real necessity and not with a political eye focused on the thought that an inpour of federal money into a state means an outpour of votes for the person responsible."

SUGAR GROVE

Sugar Grove, July 12—Mr. and Mrs. George Phillips and son, Sam, McFarland, Wis., were weekend guests of the former's brother, A. J. Phillips, and family. The visitors were honor guests at the Phillips home for a family party. Other guests including Mr. and Mrs. Max Devereaux and family and Mrs. John Laird, Corry; Mr. and

Mrs. Allen Lake, students at University of Buffalo; Mr. and Mrs. Lincoln Phillips and family, Mr. and Mrs. Don Phillips, Mr. and Mrs. Arthur Wright, Jamestown.

Mrs. Clifford Storms entertained the NB Club, with high score in bridge going to Mrs. Gerald Miller. Guests were Mrs. Ray Gruber, Mrs. William Lester, Dorothy Miller, and Mrs. Scott Stuart, Sr.

Mr. and Mrs. Neil Scott and daughter, Ruth Ann, are on a vacation trip in Michigan. The latter had the misfortune to succumb to mumps which have been rather common to the younger generation in Sugar Grove for several weeks.

Doris Stockton is attending summer school at Penn State College, and Evers Everett Landin and Charles Wright are in summer school at Alfred University.

Vernon VanHorn and daughter, Navarre, Kane, were weekend guests of his parents, Mr. and

Mrs. Delmar Mickelson. Mr. Van Horn returned home Sunday but Navarre remained for a few days.

Mr. and Mrs. Gregg Abbott, with Mr. and Mrs. Erman Abbott, Jamestown, have returned from spending a few days with relatives in Cleveland, O., and visited other places in that state.

Rev. and Mrs. Ernest Bolling are on a vacation trip.

Mrs. William Erick, Stamford, Conn., and Mrs. Lillian Johanson, Brooklyn, N. Y., are guests of their sister, Mrs. Paul Carlberg, Sr., and family.

Mrs. Anna Broughton, who has been ill at her home, is reported much better.

Recent guests of Mr. and Mrs. Walter Storms were their son, Mr.

and Mrs. Walter Storms and family, Bradford.

Mrs. Mary Eccles, who has been a surgical patient in Meyers Memorial Hospital, Buffalo, spent the weekend with her parents, Mr.

and Mrs. Merle Devereaux.

Mr. and Mrs. Ben Hudson and sons, Rex, Jon and Chris, from Casper, Wyo., are guests of Mrs. Hanson's parents, Mr. and Mrs. W. C. Barlow.

Mr. and Mrs. Roland Musselman, York, have been guests of Mr. and Mrs. Wallace Barlow. Mr. Musselman is a brother of Mrs. Florence Gordon, mother of Mrs. Barlow.

STEIN'S

The technical name for cortisone is 17-hydroxy-11-dehydro-corticosterone.

The Isle of Man was technically at war with Germany from 1914 to 1945.

W P L REPORTING

Much of the recent non-fiction in the Warren Public Library is part of a special Memorial Collection which will be displayed later this summer when it is fully assembled. However, for those more interested in vacation reading, here are some fiction titles which will be released next week:

Too Little Love by Henriques—A panoramic novel in the tradition of Galsworthy, Mr. Henriques traces the changes in England through two decades in the lives of an interesting family.

The Miraculous Fish of Domingo Gonzales by Goldsmith—The near tragedy brought to a small Mexican fishing village by modern progress and machinery age prosperity is told here in a delightfully funny story. Of course, it would not be funny if the tragedy had occurred, but a timely lack of success saved the village.

The Man Dormant by Lodwick—for those who want their humor with a higher polish, this story was written to please the devotees of South Wind. The plot is contrived along the French Riviera and the writing is as smooth as a waxed mustache.

Sunrise To Sunset by Adams—This is another of the absorbing books about upper New York State, written by Samuel Hopkins Adams. The development of the cotton mills in the 1830's is the well documented background for an appealing love story as well as an exciting plot.

The Sunlit Field by Kennedy—Back in 1857 baseball was at that early date a favorite game in Brooklyn and many of the Irish lads were playing it. With the diamond as a background, the story waver here is the life and love of an appealing heroine by the name of Pocahontas O'Reilly.

White Witch Doctor by Stinetor—This novel is based on the experiences of a medical missionary whose life in the African jungle started off with this advice, "Remember always to shake the snakes and scorpions out of your shoes in the morning no matter how big a hurry you're in."

A new moisture proof plastic wrapping has taken much of the difficulty out of propagating rhododendrons.

SOCIETY

Retired Employee And Wife Honored

Ludlow, July 13—Mr. and Mrs. H. J. J. Mattison were honored guests for a party given at DeForest pavilion in Wildcat Park, the affair being sponsored by employees of the Pennsylvania Gas Company in recognition of the long period of service of Mr. Mattison, who retired June 30.

An informal program was in charge of Toastmaster Ernest Carlson, with group singing and short speeches by E. P. Ishman and David Shaffer, of Sigel, retired PGC employees, and E. O. Nelson, Ludlow field foreman.

A gift in the form of a fishing rod was presented by Homer Giffert in behalf of the Ludlow group, both Mr. and Mrs. Mattison responding with appropriate remarks.

Refreshments were served at the close of a pleasant social hour, with the following serving as the committee: Mr. and Mrs. Ernest Carlson, Ludlow; Mr. and Mrs. Raymond Shaffer, Mr. and Mrs. Harr, Weiser, Kane.

Old friends and gas company employees were present from Sigel, Sheffield, Kane, Brookston and Ludlow, with Grace Mattison and Lois Anderson, Kane, as special guests.

SUGAR GROVE WSCS PLANS SILVER TEA

Sugar Grove, July 13—All persons interested are invited and urged to attend the silver tea to be held in the Methodist church at 3 p. m. Thursday, July 20, under the auspices of the WSCS. Dr. Esther C. Liang, of Newton Memorial Hospital, will speak on "Christianity in China". Mrs. Hosea Gourley is program chairman and Mrs. Gerald Miller is in charge of tea arrangements.

MRS. NELSON HOSTESS

Mrs. Peter E. Nelson, 309 Fourth avenue, has been entertaining as house guests Mrs. W. H. Billhartz, of St. Petersburg, Fla., and Mrs. Gladys Reck, Clearwater, Fla., giving a canasta party at her home in their honor.

She will also accompany Mrs. Billhartz on a short trip to Greensburg and points in West Virginia before the latter returns to her home in the south.

60TH ANNIVERSARY OF HAMOT TRAINING SCHOOL

There is considerable local interest in plans for observance of the 60th anniversary of the founding of Hamot Hospital Training School in Erie, to be held Saturday, August 12. Inaugurating the celebration will be an open house at the hospital, with nurses from every class graduated by the school invited. A dinner-dance at the Hotel Lawrence will climax the day's festivities.

VFW AUXILIARY

Members of Dinamoor-Schwing VFW Auxiliary are reminded their regular meeting will be held at eight o'clock this evening in the post rooms, with each one to bring sandwiches for lunch.

LANDER

Lander, July 12—Mr. and Mrs. Guy Rowland, Jr., spent last week with Mr. and Mrs. Carl Gustafson at Arlington, Va.

Weekend guests of Mr. and Mrs. Harry Light were Margaret Larson, Laverne Pengay, Robert Hutchinson and Howard Harrington, all of Pittsburgh. Other recent guests at the Light home were Mr. and Mrs. Blair Kiebler and four children, of Apollo.

Mr. and Mrs. Walter Wood and family, Jamestown, were weekend guests of Mr. and Mrs. Allan Lindell.

Mr. and Mrs. W. G. Lyons, Mr. and Mrs. W. A. Lyons and family attended the Phillips reunion at Allen Park.

Mr. and Mrs. Allan Woodruff and son, Endicott, N. Y., were

weekend guests of the latter's mother, Mrs. Evelyn Wilcox.

Mr. and Mrs. Gene Kaeblin, Warren, visited Mr. and Mrs. O. J. Gruber Monday.

Mr. and Mrs. Oswald Gruber attended a dinner for Mr. Gruber's mother, Mrs. Salome Huck, North Warren, who was celebrating her 95th birthday Tuesday.

PORKEY

Among those who were in Warren for various events in the Fourth of July celebration were Mr. and Mrs. S. P. Dodge, Mr. and

Mrs. John Littlefield and children, Doris Rupert, Mr. and Mrs. Ray Grubbe and children.

Mrs. John Littlefield and Kitty Rupert spent Monday evening at the Weaver home.

Edd Weller, Henrys Mill, was in town on Tuesday.

The Decker children, Charles, Walter, Roy and Jack, called on their uncle, John Dodge, Wednesday.

Guests at the Littlefield home have been Mr. and Mrs. Edd Littlefield of Clarendon; Wanda Nason, Hastings; Mrs. Myrtle Miller, Mrs. Dorothy Martin and children; Mrs.

Earl Downey and daughter, Eloise, Tiona.

Mr. and Mrs. A. C. Smith and two children, of Warren, are spending a few days at the Dodge home.

Mr. and Mrs. Floyd Hoover, North Warren, spent Saturday and Sunday in Porkey.

Mrs. Del Spencer and Mrs. Dodge attended church at Marienville Thursday evening.

Helen Dodge spent the weekend with her family.

Mrs. Susie Spencer, J. M. Dodge and Mrs. S. P. Dodge were in Endeavor Friday.

SOCIETY

Detailed Plans of Ludlow Girl Scout Day Camp Program

Ludlow, July 13—Mrs. Enoch also, Girl Scout Neighborhood chairman, entertained Day Camp committee members at her home to discuss plans for the camp season. Mrs. Enoch also, Warren County Council president, on last minute details for the session. Previously, the group met with Cecilia White and Mrs. Fred Abendroth, Council officials, to work out preliminary plans.

The camp opens Monday morning at 9:45, with each day's session to close at 4 p. m. Monday through Thursday, allowing time for the children to be home by 5 p. m.

Mrs. Nelson will be the director, assisted by Mrs. M. I. Jones, leader. Mrs. B. K. Connelly, assistant chairman, and Mrs. E. W. Johnson, assistant leader. Another assistant, Janet Johnson, will keep records; Jean McDade, Kane, will be the swimming instructor; Ed Johnson, life guard; Mrs. Carl Johnson, nurse and first aid instructor; Mrs. Ellen McArthur and Mrs. Bertha Swanson, assisted by a number of others, will be in charge of the food.

Other women participating in various phases of the program include Mrs. R. E. Wenstran, Mrs. Clyde Giffert, Mrs. Leroy Johnson, Mrs. William Hanson, Mrs. Violet Ralston, Mrs. Herman Davidson, Mrs. Melvin McCleary, Mrs. Stanley Carlson, Mrs. George Anderson. Miss White and two counselors-in-training from Camp Birdsall, will be present on Monday and two counselors-in-training will be on hand Thursday. Arnold Jackson, park attendant, will also be with the group. All girls registering for the Day camp have been examined by Dr. McHenry of the field.

King and Swanson Marriage July 5th

At 4:30 p. m. Wednesday, July 5, in St. Paul's Lutheran church, Rev. Nore Gustafson united in marriage Annette Marie, daughter of Mr. and Mrs. Carl Edwin Swanson, 104 Quaker Road, and Leland King, son of Mr. and Mrs. Virgil King, 110 Water street.

Mrs. Merle G. Fox was matron of honor for her sister and Leland King served his brother as best man. A reception and buffet luncheon for the immediate families followed at the bride's home.

Following a honeymoon in the Finger Lake region, the couple will reside in Water street. Both Mr. and Mrs. King are members of this year's Warren High School graduating class.

Not until 1918 did Harvard University admit women to any of its graduate schools.

★ RUTH MILLETT ★

Give Parents the Credit For 'Teen-Ager Like This

SHE wasn't the prettiest girl in the crowd of teen-agers. But she stood out from the others as a very special girl—with qualities the others simply didn't have.

She stood straighter than the rest, with her head held higher. She spoke in a low, pleasing voice, while most of the others talked shrilly.

When boys joined the group she didn't giggle or start trying to attract attention. She wasn't shy or aloof—but just seemed to act on the theory that boys weren't so special that she had to change her personality completely to attract their attention.

She could talk to people the age of her parents without acting bored and anxious to get away or without assuming such a deferential attitude she built a wall they couldn't cross.

THINKS OF OTHERS BEFORE HERSELF

HER manners came from doing the thoughtful thing, which a more self-conscious teen-ager would have been too busy thinking about herself to have noticed needing doing.

Her parents deserve a lot of credit. Somehow they have helped her to have enough awareness of other people to be able to think of someone else besides herself at an age when self-centeredness is pretty much taken for granted.

They must have taught her, too, that a graceful head-held-high walk, a pleasant voice, and the natural dignity that comes from self-respect are as good as beauty in making a girl stand out from a crowd.

And they must have let her in on the secret that a girl doesn't have to turn into a giggler or a show-off to make boys notice her.

Because at sixteen, a girl couldn't have figured all that out for herself.

Ludlow Girl Is Bride In Ceremony at Buffalo

Ludlow, July 13—Doris Carlson, of Buffalo, N. Y., daughter of Mr. and Mrs. Gust Carlson, Ludlow, became the bride of Henry Baten, of Buffalo, at 7 p. m. Saturday, July 8, in a ceremony performed in Riverside Methodist church, Buffalo, by the parish pastor.

The bride's only attendant was her sister, Florence Carlson, Ludlow.

The reception followed immediately in the church parlors, with the following among the guests: The bride's parents, with Mrs. Erland Olson, Stanley Carlson and Joanne Johnson, Ludlow; Herbert Anderson, Sheffield; Mr. and Mrs. William Kilmeyer and son, Rochester, Pa.

Country Club Women Golfers Are Moving Into Championship Round

Championship-determining scores are being posted daily by women players at the Conewango Valley Country Club, with the winner to be decided in final play next week.

A canasta tournament is to be staged on the regular women's golf day next week, in the midst of a schedule heavy with out of town matches. On Tuesday, the women go to Kane for an invitation tournament and on Thursday to Wanango for an open day match.

In this week's sweepstakes, Mrs. W. O. Lawson, with her 93 for low gross for the day, won a leg on the Printz Trophy and another

leg on the Kirberger Trophy with low net link in Division One. Mrs. John Duesing won the link in the second division and Mrs. Stewart Beckley in the third.

Sweepstakes tournaments are decided by low net scores. The golfer with low net in each division has her name as many times for blind draw as there are players in her division, and so on, according to scores. The names are then drawn for the winner of the prizes.

In Division One, Mrs. W. C. Fuelhart emerged the lucky winner; Mr. Dean Anderson in Division Two, with the extra bonus of a free Toby Lyons lesson, and Guinevere Knapp in Division Three.

BPW Membership Has July Picnic

The annual July picnic of the Warren Business and Professional Women's Club was held at the home of Mayme Marsh, with dinner served by the Lewis Catering Service.

Following the dinner, a short business meeting was held and plans were formulated to make a trip to Chautauqua some evening during July; also to make a bus trip to Erie August 19th to attend the meeting of District One. All members will be contacted in the very near future regarding these two trips.

Violet Peterson was called on to give a resume of her recent flight to Sweden and told many interesting facts as well as humorous incidents which occurred during her trip.

A former member, Mrs. Olga Keller, now residing in Tucson, Ariz., and currently visiting in Warren, told of her home in Arizona and interesting details regarding life in that state.

A rising vote of thanks was extended to the hostesses, Mayme Marsh, Nellie Marsh and Wilma Stryker, for a very enjoyable affair.

Barbara C. Benson Sets Wedding Day

At a party given last evening Mr. and Mrs. James K. Moore, 16 West Third avenue, announced the engagement of their daughter, Barbara Caroline Benson, to Wayne Philip Campbell, son of Mr. and Mrs. John Campbell, 108 Sixth avenue.

Present were Mrs. John Campbell, Mrs. Harold Yegle, Mrs. Lawrence Farr, Mrs. Harold Putnam, Mrs. Arnold Allen, and the Misses Margie Gnagey, Mary Ruhlman, Suzanne Lesser, Georgianna Shea, Jean Kern, Patricia Johnson, Barbara Nichols, Patricia Lawson, Miss Benson and the hostesses.

The evening was spent in playing games, with prizes won by Suzanne Lesser and Mrs. Lawrence Farr. News of the approaching marriage was made during the serving of a beautifully appointed luncheon.

Miss Benson has chosen August 12 for her wedding day, the open church ceremony to be performed in First Lutheran church.

SHEFFIELD WEDDING ON FRIDAY MORNING

Sheffield, July 13—At 10 a. m. tomorrow in the Barnes Methodist church, the Rev. E. D. Hulise will perform the marriage ceremony uniting Mrs. Elizabeth McDowell, daughter of Mrs. C. R. McNeal and the late Mr. McNeal, of Barnes, and Alfred W. Johnson, son of Mrs. Alfred Johnson, St. Albans, N. Y.

Only members of the immediate families will be in attendance at the quiet double ring service. Attending the bride will be her sister, Mrs. E. F. Elgin, and the bridegroom has chosen for his best man, Jack McAvoy.

Following the wedding there will be a luncheon honoring the couple at the Side-a-Wee Inn, Warren.

CHURCH BOARD GIVES SHOWER PARTY

Lander, July 13—Members of the Lander Methodist Sunday school board entertained at the parsonage with a shower party honoring Neva Mills, bride-elect. Games and contests were enjoyed under the supervision of Marian Mills, with prizes awarded to Patty Keley, Margaret Mahan, Lois Strong, Howard VanOrd, Donald Hagberg and Mrs. Gustaf Erickson.

Rev. Erickson presented Miss Mills a gift of Fostoria in behalf of the group and a buffet lunch was served from a table attractively centered with roses and white candles in crystal holders.

SILVIA AND HENRY NUPTIALS ANNOUNCED

Sheffield, July 13—The marriage of Marian Henry and Glenn Silvia is being announced by the bride's parents, Mr. and Mrs. Leonard Henry, 78 Mill street.

The wedding took place in the First Methodist church, Jamestown, on Friday, June 30. The Rev. Harold McCurdy officiated and attendants were Jeanne Williams and Arthur Hackenberry. The newlyweds are making their home in Erie.

HOME LEAGUE SURPRISE

A "surprise" meeting will be the theme for the regular session of the Salvation Army's Home League to be held at 7:30 o'clock this evening, when leaders will be Mrs. Gertrude Brown, Mrs. Nellie Whittton, Mrs. Dorothy Wellman and Mrs. Myrtle Duckett. All members and interested friends are invited. The committee will serve light refreshments at the conclusion of the meeting.

ANOTHER POPULAR CANTEN PARTY AT YM

It was announced today by James Hengst, boys' work secretary of the YMCA, that another of the popular Canteen Dances will be held at the "Y" this Saturday.

Dancing, which will be to records, will start at nine o'clock, preceded by a swim in the "Y" pool at eight o'clock and games in the boys' department.

HERALDS AND MOTHERS WILL PICNIC FRIDAY

All members and friends are cordially invited to the annual picnic to be held at noon Friday at Crescent Park by the Little Heralds and Mothers Circle of First Evangelical United Brethren church. Each one is asked to bring a luncheon, table service and rolls, the lemonade, coffee and ice cream to be provided by the committee.

AUXILIARY MEETING

The regular meeting of the Marshall Larsen VFW Auxiliary of Clarendon included special attention to plans for the Old Home Week celebration coming up soon. At the conclusion of the business session, lunch was served by the committee, Mrs. Lucretia Hallgren and Mrs. Mary Pully.

WOMEN'S BIBLE CLASS HAS PLANNED PICNIC

The Women's Bible Class of First Lutheran church will hold an all-day picnic at the home of Mrs. Salome Huck, Jackson Run road, Friday. Members attending are reminded to bring tureen, their own bread and butter, and table service.

BICYCLE HIKE

All Y-Teens are urged to hop their bikes and be at the YWCA at 1 p. m. Tuesday for a bicycle hike and afternoon of fun. Friends of Y-Teens are invited, also, and a good-sized turnout is hoped for.

THONA LADIES AID

Tiona Ladies Aid members will hold their regular meeting in the church at 2 p. m. Friday, with Mrs. Grant Mottern and Mrs. Guy Frick as hostesses.

PERSONAL ITEMS

Mrs. Olga Keller, Tucson, Ariz., is visiting at the home of Mr. and Mrs. Harold S. Hampson, 424 Conewango avenue. Mrs. Keller is the sister of Mrs. Hampson.

Dr. and Mrs. Francis Erickson and children, of Cleveland, O., are vacationing at the home of Mrs. Erickson's parents, Mr. and Mrs. H. B. Mescham, 12 Crescent Park.

HONORED GUESTS AT TEA—A bit of addition provides the interesting total of 67 years for eight guests specially honored at the Missionary tea given Wednesday afternoon in First Lutheran parish house. Seated, left to right, are Mrs. Salome Huck, 95; Mrs. Anna Arnold, 83; Mrs. Rose Spade, 85; Mrs. C. P. Andersen, 86. Standing, left to right: Mrs. Clara Dove, Mrs. Mary Thompson, Mrs. Lydia Highhouse, Mrs. Mary Peters, each 82.

Very successful from every angle is the report of the special program and tea given yesterday afternoon in the First Lutheran parish house, when the Women's Missionary Society entertained to honor the older members of its organization and of the parish. About 50 members and guests were present for the party, including eight honored guests pictured above.

Mrs. Nicholas Andersen was in charge of an informal program which included two vocal selections by Ruth Satterlund, with piano accompaniment played by Lois Bosin; two piano numbers played by Majja Baumann; and two recitations given by the oldest member, Mrs. Salome Huck, 95. Mrs. Thomas Andersen, 86, was honored with presentation of a life membership in the society, given by her family, and her daughter-in-law, Mrs. Nicholas Andersen, was similarly given a life membership by her husband.

Presiding at a beautifully appointed table for the tea which followed were Mrs. Nicholas Andersen, president of the missionary group, and Mrs. C. A. Satterlund, vice president. Mrs. L. A. Timm headed the following committee on arrangements for the affair: Mrs. F. M. Geer, Mrs. H. M. Miller, Mrs. A. R. Schultze.

County Officials, Employees and Their Families Make Merry at Annual Picnic

Fifty-seven Court House employees and their families enjoyed their annual picnic last evening, held this year at the National Forge Club House, with the meal provided by the Lewis Catering Service.

Following the dinner, Irene Richwalski and Mabel Phillips led in group singing and provided an advertisement contest for the amusement of the assemblage. Winners in this event were Deputy Recorder Eleanor Smith and a Times-Mirror reporter, who were awarded handsome presents.

In a hot and heavy nail driving contest, with no serious casualties, Geraldine Johnston, county home economics extension director, and Stanley Laurence, superintendent of Rouse Home, emerged victorious. In a run-off between the two contestants, Mrs. Johnston was declared champ amid loud cries of protest from the male contingent. Runners-up were Elvelda Fagley, home economics advisor and Judith Allison D. Wade.

A milking contest was suggested as a further test of skill, but a cow with the necessary equipment could not be found.

In the mousball game following, the winner was not decided before

the game was called on account of darkness. There were 10 runs, 45 hits and 166 errors. Pete Ostergard was a tower of strength until he ran out of wind on the basepaths. Doc Seavy tried a headfirst slide into first base, but was thrown out in addition to breaking his glasses.

Mrs. Stan Laurence will get a little practice in patching trousers, as the result of Stan taking a mighty swing at one of Sheriff Linder's pitches and busting a seam.

Bernice Seavy, court stenographer, pitched one inning and displayed more hooks on the diamond than on her shorthand pad. Washington Senator scouts, who have been holding trout on the Forge field for the past couple of days, stated that a team could be picked from the assemblage which might score a run or two against the Hot Stove League midgits.

County Commissioners George Seavy, L. L. Johnson and Bill Olney, and Clerk Ray Thompson, put in their best efforts throwing horseshoes. No result of the match can be published.

It was a lot of fun, and plans are already being made for next year's event.

FIRE DEPARTMENT AT CLARENDON TO MEET

Election of officers who will serve in the coming year was the principal item to come before members of the Clarendon Volunteer Fire Department at their July business session.

Leonard Fabrischi was reelected chief, with Frank Shaver as first assistant and Myron Bullock, second assistant.

Clayton Simpson was named president of the department, with Ernest Nollinger as secretary and Charles Jones as treasurer.

All members of the department are currently concentrating their efforts toward the success of the Old Home Week celebration which is scheduled for July 25-29.

Wary Doughboys Dig In For New Defense

(From Page One)

denberg, Air Force chief of staff, conferred here with MacArthur and, presumably, with Walker. Adm. Arthur W. Radford, commander in chief for the navy in the Pacific, was flying from Pearl Harbor to Tokyo to confer with MacArthur.

MacArthur's communique said the 15th and 45th North Korean divisions have started a drive to the southwest "in a wide envelopment heading for Hamchang," 45 miles northeast of Taejon and on a line that would take them to the Pusan-Taejon railroad if they were successful.

Demands for Threatening Communists With A Bomb Increasing

(From Page One)

He said that if an attack does come, it will doubtless be a big one aimed at industrial centers. Senator Humphrey (D-Minn.), a down-the-line backer of the Truman "Fair Deal" domestic program, raised some questions about the billions congress has voted for preparedness.

Mightiest Single Air Blow Of Campaign Registered By Nearly 50 Bombers

(From Page One)

Maj. Gen. Emmett (Rosy) O'Donnell directed this first mission of his new command, the Far East Command (provisional). The 43 year old two star general, once a West Point football coach, led the first World War II B-29 raid on Japan.

REPORT STATES B-29 LOST DURING BATTLE

Washington, July 13—(AP)—The Air Force said today it had received a report that a B-29 Superfortress has been shot down by enemy fighters near Seoul, the first reported B-29 loss to enemy action.

An Air Force briefing officer at the Pentagon said the report came from the pilot of a U.S.A.F.F.-80 fighter who had been in radio contact with the B-29.

The Air Force gave no indication as to when or how the B-29 reported loss was downed. The report said the Superfortress was attacked by an unknown number of enemy fighters and the B-29 crew bailed out.

A Superfortress normally carries a crew of 11 or 12 men.

"I wish they had forgotten my name this time," said Staff Sgt. William M. Kofmehl, Spokane, Wash., tail gunner on our abortive flight and veteran of the European Air War. "But maybe it's better to get it over with now instead of getting pushed around all the time like we've been doing."

They know they have the planes and the experience to master this kind of war—and they know, too, what it was like for the infantry men on the ground, most of them untested before two weeks ago, to be outnumbered and outgunned.

The bombers were skittish, each was loaded with 10 tons of explosives, and precision flying as well as precision bombing was essential. One squadron of the B-29s carried more than three times the weight of explosives carried by the famous B-24s of World War II.

The B-29s walked out gingerly to the runway and were flagged off on a precision schedule. The planes carried men like Staff Sgt. William T. Ayres, a tail gunner of Jonesboro, Ark., and Orville, Wash. He was shot down in Europe and imprisoned by the Germans in World War II.

CIVILIAN DEFENSE BEING REORGANIZED
Indications that the Warren County Civilian Defense Committee will be reactivated in the very near future are seen in a report that the name of the executive director for the project will be revealed in a few days, and that several from Warren will attend a briefing conference to be held at Indiantown Gap next week, after which full details regarding the plans to revive the defense unit will be announced.

THE MARKETS

New York, July 13—(AP)—A rally in the stock market picked up a little momentum today after a wobbly start. The rise was not a full-fledged recovery from yesterday's bad beating but a clear majority of shares sold at gains running to more than \$1 a share. At the same time a good many issues refused to be along. Declines, though, were limited to fractions for the most part. Trading started off with a rush and a rapid pace was maintained in later dealings.

New York, July 13—(AP)—Noon stocks.

BIKE REGISTRATION STARTS: Hundreds of youngsters are bringing their bicycles to the Police Station in the Municipal building to have them registered in response to announcement that registrations will be held today, Friday and Saturday. At the rate they were being inspected up to noon it was predicted that at least 250 would be registered before evening. Above picture taken by staff photographer, is a typical scene of the activity in the rear of the city building. Members of local Boy Scout Troops are assisting the officers. Bicycle owners are reminded that the registration is not only compulsory, but serves to protect owners against theft.

Committee Meets to Plan Survey of Services

(From Page One)

since the final report must be in the hands of the regional director in Erie on September 1.

It was the general opinion that it would be impossible to contact every family in the county to get a personal survey of what is needed for youth. Both time and the fact that there are no funds for the project were given as factors.

Mrs. Flick appointed Nelson Johnson, Robert Wilder and Mrs. David Potter as a committee to draft a questionnaire to be used in all interviews. It will be compiled from a set of questions prepared by each of the seven divisions, and when completed, will be used by committees assigned to the sections in which the county is to be divided. It is hoped in this way that a fairly accurate and unbiased opinion may be found.

Another meeting has been called for Tuesday, July 25, when the questionnaires will be given the committees and final instructions issued for making the survey.

After the questionnaires have been returned and the results tabulated, a general meeting will be called of all persons in attendance at the organization meeting at the court house, and plans made concerning correction of the conditions found to exist.

Security Instructions for Military and Public Relations Offices Issued

(From Page One)

unified security rules would be announced today for all Armed Services Public Relations offices in the United States.

Announcements of Army units to be alerted for movement will be made at the Army area concerned and in Washington. No description of units smaller than a division will be permitted, nor will any information be released concerning the status of equipment, strength, date of movement from present location or date of sailing time from ports of embarkation.

Best Recreational Season For State Department Says

Harrisburg — Pennsylvania is having its best recreational travel and vacation season in history, according to reports being received by the vacation and recreation bureau of the Department, says Theodore Roosevelt, III, Secretary of Commerce.

The secretary points out that resort hotels and inns, which had expended about three million dollars in expansions and improvements before the opening of the summer season, are entertaining larger numbers of out-of-state visitors than ever before.

Most of the improvements were noted in the Pocono Mountains of northeastern Pennsylvania, the Keystone State's largest resort area. However improvements have also been made in smaller resort areas such as Eagles Mere, Bedford Springs and Bedford, in the Ligonier Valley, surrounding Ligonier, at Cambridge Springs, Conneaut Lake and other locations.

It has also been reported to the department that many of the summer hotels are planning to extend their seasons into late October and early November to care for vacationists who want to enjoy Pennsylvania's facilities in those months. The year-around hotels also are planning expanded programs for the winter season, which, of course, includes facilities for the enjoyment of all forms of winter sports.

Many of the resort hotels will feature special events during the period of colorful autumnal foliage, especially during October.

JACOBY ON BRIDGE

GEORGE'S TRUMP GIFT IS KEY TO VICTORY

BY OSWALD JACOBY

Written to NEA Service
"I'm an easy fellow to get along with," said Generous George. "I didn't come here to kill anybody, and I'm willing to give up a trick now and then."

"Don't think you're fooling any-

body," East observed gruffly. "I just can't do anything about it. You simply stumbled on the right line of play."

George don't argue about the "stumbling." Like old Omar Khayyam, he is willing to take the cash and let the credit go. East was correct, however, when he said that he couldn't do anything about it. George had managed to bring a difficult contract home by giving up the right trick.

West had opened the king of

Low Flower Border Frames View of Modern House

Keep Plants Low in Front of the New One-Story Homes.

A new type of planting is required for modern homes, one-story, with out high basements, with main floor only one or two steps above ground level.

Tall shrubs and evergreens used in "foundation" planting grow too high for these low houses, making them seem lower, and they partially hide them from view and shutting the sunshine and view out. Landscaping should frame the house and emphasize its good points. A low house should never be dwarfed by tall plants before or around it; and a small house should not be made to seem smaller. Only low plants should be used in front of low modern houses.

These effects can be well achieved by annual flowers; and the fashion for flowers in the front yard is spreading rapidly. An example of the effect which they produce is given in the illustration. On either side of the door a globe-shaped evergreen in a tub is used, rather than a pyramidal evergreen which would soon grow too large. The line where house wall meets

the ground is planted with a border of annual chrysanthemums, growing two feet tall, bearing single flowers of richly varied orange, brown, white and yellow flowers.

Edging this border is a row of ageratum, one of the best sources of blue tones for flower borders. There are many other combinations which could be used in a similar way to produce a pleasing effect, in harmony with the colors of house wall and roof. In planting near modern houses simple color schemes, two, not over three, harmonious colors, are usually considered best. Any of the sun-loving annuals which grow to a suitable height may be used on the east, west and south sides of houses; but on the north varieties which are known to endure shade must be chosen. It is important that the colors used in borders around the house shall harmonize with the house colors, repeating them, or forming a harmonious contrast of complementary colors.

GARDEN SUPPLIES

AT
HOME AND GARDEN SHOP
2009 Pennsylvania Avenue, East

spades, dummy winning with the ace. The hand looked like a "planola" as Generous George, playing the South cards, began to draw trumps.

When West discarded a club on the second round of trumps, George stopped abruptly. It was time for a little thought.

If South continued to draw all of East's trumps, he would then have only one trump left in his own hand. When he led diamonds, the enemy would be able to lead a spade, forcing out the last trump. They would surely gain the lead with the second high diamond to cash the rest of their spades. Since South could not make 10 tricks without getting a diamond, it was clear that he could not afford to draw trumps.

After some thought, George decided to abandon the trumps. He switched to diamonds, and East won with the king. East returned a spade, and South ruffed with his low trump. George led another diamond, and West won with the ace. West returned a third round of spades, and South was forced to ruff with the jack.

It was at this point that George generously led a third round of diamonds, allowing East to trump with the nine of hearts. George could have taken this trick away from East by drawing the trumps earlier, but as we have seen, drawing trumps would have cost him the contract.

After trumping the third round of diamonds, East was helpless. He returned a fourth spade, but dummy was able to ruff this trick. This, of course, was the reason George had abandoned the trumps. He wanted to leave one trump in dummy to act eventually as a barrier against the spades.

George re-entered his hand with the ace of clubs and could then afford to draw East's last trump. The rest of the tricks, of course, were easy.

Firecrackers in China are used not only on holidays, but during weddings, funerals, anniversaries, and similar occasions.

Many Landlords Granted Increases In Past Six Months

Frank S. Anderson, Area Rent Director for Northwestern Pennsylvania, reported today that for the first six months of 1950 increases in rent had been granted by the Erie office to 834 landlords involving a total of 1198 units for an average increase of 47.48 per unit per month. Petitions of 84 landlords were denied.

For the same six months' period 607 compliance cases involving violations of landlords' failure to register, attempted illegal eviction, reduced services, and overcharges were processed by the rent office. 149 different refunds on overcharges were made to tenants for a total of \$12,097 or an average refund of \$81.19.

Tenants received reduction in rent in 245 first rent cases in which the rent office found the rent charged was considerably above the freeze date rent. An additional 47 tenants received reduction in rent by reason of decreased services.

Anderson also reported that 8,368 landlords and tenants had made personal calls at the rent office and that 8,409 had telephoned the office. Special conferences were held in 1,266 cases. 436 tenant complaints were processed and 354 certificates of eviction issued.

Letters to the Editor

July 12, 1950.

The Editor, Warren Times-Mirror, Warren, Pa.

Dear Sir:

The members and officers of the Warren Junior Chamber of Commerce would like to take this means to publicly render their thanks to the many citizens and organizations who contributed so much of their time and efforts to make the recent Fourth of July Celebration the success which it was.

It is of course understood by all that the public itself put this three day celebration over the top by their wonderful and loyal support displayed in so many different ways. We in the Jaycees appreciate the reception which our efforts have received.

However as in all doings of this magnitude it is necessary to do much planning and work which often times goes unheralded. Fortunately we were able to receive the timely and valuable advice of Ben Kinnear, Ed C. Lowrey, Nat W. Drake, Louis Frederickson and H. B. Pettit. Many thanks are also due to Ralph Chester, L. McConnell, and William E. Rice. It would be impossible to continue to

single out all of the other individuals who so generously contributed in their various ways.

The cooperation received from the Warren County Ministerial Association, The Warren Times-Mirror, Police Department, School Board, Warren Radio Club, all of the merchants, industries, and various civic and social organizations in the city and immediate vicinity. Queen Peggy Hartweg and her Court all deserve recognition.

We hope that all future efforts and activities of our organization will continue to receive such generous support and praise as it has in the past.

Very sincerely,
Kenneth E. Carlson,
President.

July 12, 1950

Editor, Warren Times-Mirror, Warren, Penna.

Dear Sir:

The reprint of the Kane Republican's editorial "Twin Lakes Take" which appeared in the Times-Mirror last Friday, was discussed at some length at the regular monthly meeting of this Club last night.

While we do not doubt the Kane Republican's knowledge of the lack of understanding and effort expended by their own representative from their district in the way of securing funds for the Forest Service and the Fish and Wildlife Service, when the article appears in the Warren paper we think it only fair to add to it that in this District we have an outstanding exception in Representative Leon H. Gavin.

Mr. Gavin has consistently endeavored to secure funds for all of the Federal services involved in maintaining the Allegheny National Forest on a basis of high usage, including recreation, and we feel we should be remiss in not publicly acknowledging his many kindnesses.

Yours very truly,
Warren Field & Stream Club.
L. N. Donaldson.

FARM NOTES

Ladino Is Popular—Ladino clover has become very popular with poultrymen as a pasture for their birds, reports H. H. Kauffman, extension poultry specialist of the Pennsylvania State College. It is an excellent feed and also helps to prevent infestation of internal parasites. The clover forms a mat which covers the soil.

Prepare Calves for Show—Members of 4-H dairy clubs are urged by John Wheeler, extension dairy specialist of the Pennsylvania State College, to keep busy with the calves they plan to exhibit at district shows. He suggests keeping the calves blanketed, trimming their feet, and teaching the calves to lead by practicing every day.

Running Water Helps—Water

under pressure on the farm saves time and labor, reminds N. H. Wooding, extension agricultural engineering of the Pennsylvania State College. It also is a contribution to good health in the family. It helps the cows to give more milk and the hens to lay more eggs, and it may save the garden in a dry spell.

Dairy Breeding Increased—Artificial breeding is one of the fastest growing dairy programs, according to J. S. Taylor, Penn State extension dairy specialist.

Ayshire service has been added and Brown Swiss service soon will be available.

Control Aphids—Aphids on tomatoes can be controlled by use of nicotine sulphate spray, spraying with rotenone or prethrum extracts, or dusting with rotenone or nicotine dusts, says Stanley Gessell, Penn State extension entomologist.

Plant Cover Crop—For sowing as a cover crop in the last cultivation of corn, Elmer Pifer, Penn State extension agronomist, recommends domestic ryegrass at 20 pounds to the acre.

WEST HICKORY

Mr. and Mrs. Andrew Neely, Mr. and Mrs. Archie Hepler, Oil City, with Mr. and Mrs. Artimus Kinnear, from town, spent the past weekend at the home of Mrs. Kinnear's brother, Howard Neely, and family, Gardenville, N. Y.

Conewango Twp. Merchants Nip Warren in Sunset Scrap

Conewango Township Merchants threw a major surprise into Sunset Baseball League competition last night by nailing the Warren Merchants, first half champions, 6-4 on the State Hospital field.

It was a nip-and-tuck scrap all the way. F. Gray, the winning chucker, whiffed six batters, allowed seven walks, but yielded only five hits over the seven-inning route. Dick Christensen handled the mound chore for the Warren nine, fanning 10 batters, walking four, and allowing only four safeties.

The Warren Merchants notched the first run in the second inning when Hammerbeck got on via a shortstop error, stole second, advanced to third on an infield out and then scored on a wild pitch. Conewango came right back in the same inning and counted two runs, and added two more in the next frame. Walks for Swanson and Brumagnum and wild throws by Sharp and Brown produced the first two tallies. A single by Steffan, a three-ply rariop by Johnson and an error by Murphy netted the second brace of runs.

The Warren nine counted two more runs in the sixth frame. Don Sharpe poled a round tripper. Lopez was hit by a pitched ball. He then stole second, and went all the way around when Gray threw wild trying to pick him off base. Final run or Warren came in the seventh when Julianio was hit by a pitched ball, and was plated by Sharp's double.

Winning run for Conewango was notched in the sixth on singles by Johnson and Brumagnum.

Chips Down Tonight When Phillies Risk Hard-Won First Place Against Cards

By The Associated Press

The chips will be down tonight when Philadelphia risks its hard-won first place in the National League against the second place Cardinals in the opening of a vital three-game series at St. Louis.

This is the big game of the day as the majors return to family feuding after the all-star melodrama, although an important series opens tonight also at Yankee stadium.

Cleveland's Indians, a game and one-half back of the second place

Old Timers and Hot Stove Midget Leaguers will meet in front of the Times-Mirror office at 12:30 p. m. Sunday, July 16 for the trip to the Jamestown municipal stadium. Transportation for the Midgets will be furnished by the Kiwanis Club. The Old Timers who have cars are asked to stop and pick up those who are in need of a ride. The Gray Beards will please bring their own uniforms. In the event that you do not have your old monkey suit please contact members of active ball clubs from Warren, who do not play on that day, for the use of a suit for Sunday. Old Timers are reminded that they will have separate transportation due to the fact that after the game the Midgets will return to Warren while the Oldsters have been invited to stay over for the usual conference, which will include a round table discussion on the strategy used that afternoon as well as in the past twenty five or thirty years. This conference should terminate by midnight. The trip to the stadium will be continued here July 29th after the Warren game with the Jimtowners at Memorial Field. Conference site for the 29th will be Bloomquist Island, North Warren. A feature attraction put on by the Midgets in Jamestown stadium will be their eleven year old star artist "Bud" Daley who will do his pitching specialty for Jamestown fans. Once more the management wishes to state that all old time Warren county ball players are eligible to play in the Old Timers series between Warren and Jamestown, bring a uniform, come out and meet your old friend and former rivals. After the games we will relish old times at the above mentioned conference.

Cert. Electric	100	220	5	7	5

Two-base hits — Spattfor, 2. Cummings, Creola (SOI).
Three-base hits — Mazzuca.
Home run — Mancuso.
Batteries — Mazzuca and Mancuso (Sons of Italy), Hartnett and Striani (Certified Electric).

Times-Mirror ... 201 020—5 9 1
Spouts 101 100—3 7 3

Two-base hits — Kittner and Highhouse (T-M), Le Trent (Spouts).

Three-base hits—Kittner (T-M), Bennett (Spouts).

Batteries—Tannier and Shanshal. (Times-Mirror), Bennett and Donaldson (Spouts); Tannier, the winning pitcher had 13 strikeouts, while Bennett was credited with 14. The loss was the first of the season for the Spouts. The Times-Mirror team now goes into first place in the Eastern Division, with the Spouts training a half-step behind.

Unanimous Decision Scored By LaMotta Over French Boxer

New York, July 13—(P)—Another Jake La Motta-Ray Robinson fight was in the making today following the middleweight champion's easy conquest of Italy's Tiberio Mitri.

La Motta was due to step into the offices of the International Boxing Club some time this afternoon to pick up a check of around \$33,700 and to discuss plans for a sixth scrap with the welterweight king.

The Bronx bull paved the way for that encounter by belting out a 15-round unanimous decision over Mitri in Madison Square Garden last night.

It was like old times in the palace of sock as a surprisingly large turnout of 16,369 paid \$99.841 and rocked the roof with cheers. It was the biggest Garden fight gate in a couple of years. There was no radio or television broadcast.

La Motta will cut into a richer pot than that if he signs to take on Sugar Ray outdoors in September.

Abe Greene, commissioner of the N.E.A., said the champ had

Ted Williams Will Undergo Operation

Boston, July 13—(P)—Ted Williams, the Boston Red Sox \$125,000-a-year outfielder, undergoes an operation for a fracture of the left elbow today, but his teammates still have their sights set on the American League pennant.

The Red Sox took the news of their lanky slugger's injury in the All-Star game as "part of the game" and refused to admit they were out of the pennant race, although eight games behind the front-running Detroit Tigers.

Williams suffered his injury after hauling down Ralph Kiner's long smash in the first inning of the All-Star classic in Chicago's Comiskey Park Tuesday.

"I hit the wall with the heel of my hand," Ted explained. "But it was in the elbow that I noticed the pain."

Williams said the pain didn't bother him too much until he left the game at the end of eight innings. But then, he said, it started to ache and by the time he boarded a plane for Boston he had to keep it perfectly still and even then it throbbed.

Although given the "OK" by Packy Schwartz, Chicago X-ray Sox trainer, Ted decided on X-rays yesterday. The pictures showed a fracture of the head of the left radius—a bone in the elbow.

SPORTS IN BRIEF

By The Associated Press

Baseball

Boston—Ted Williams, slugging Boston Red Sox outfielder, suffered a fracture in his left elbow in the All-Star game Tuesday and was expected to be lost for most of the remainder of the season.

New York—Kirby Higbe, veteran right handed pitcher with the New York Giants, was sold to Minneapolis of the American Association.

Boxing

New York—Middleweight champion Jake La Motta successfully defended his title by winning a unanimous 15-round decision over Italy's Tiberio Mitri at Madison Square Garden.

Philadelphia—George (Sugar) Costner scored an upset by winning a unanimous 10-round decision over lightweight champion Ike Williams in a non-title bout.

General

Ithaca, N. Y.—The board of stewards of the Intercollegiate Rowing Association decided to return the big crew race next year to Marietta, O.

Lausanne, Switzerland—Germany and Japan were voted back into membership of the International Lawn Tennis Association, after which Poland and Hungary withdrew.

ONE WEARING

The red hat is placed on the head of the newly created cardinal by the hand of the Pope himself, but is very seldom worn afterward. Usually it is put aside until the death of the cardinal, when it is laid on his catafalque.

Robinson Is Given Lesson by Costner

Philadelphia, July 13—(P)—Ike Williams was expected to be George (Sugar) Costner as a stepping stone to a welterweight title fight with Ray (Sugar) Robinson. Instead, the lanky Costner thrashed lightweight Champ Williams and emerged himself as a top contender for Robinson's crown.

Costner turned in the fistic upset of the year last night when he handed Williams one of the worst lickings the 135 pound titleholder ever received. The Camden, N. J. negro simply smashed Ike in submission in a 10 round no title scrap at Shibe Park.

So superior was Costner the one of the judges, Frank Knab, borough, gave the winner all rounds. The other judge, L. Tress, and Referee Dave Belk were not much kinder. Both scored it 8-2 for Costner. The Associated Press score card voted Costner 8-1-1.

A crowd of 9,809 paid a r. gate of \$50,543 to witness the prize Costner victory. They as Sugar George clip Williams with a vicious left hook in the third round and then go on to record a thumping triumph. Williams never was the same after the third round punch. He lost his reflexes and fought the final seven rounds on his "fighting instinct and courage."

RUSSELL

Russell, July 13 — The W. Them Class met Monday evening at the home of Mrs. George Hedges, with Mrs. Richard En assisting. Mrs. Ralph Way presided and Mrs. Martha Hough conducted devotions. The treasurer gave a report of \$50 in security fund and \$41.87 in active accounts. Mrs. Edson Ball and Mrs. Anton Vogler were named as a nominating committee. It was voted to have a picnic for the August meeting at a "secret sisters" with M. Paul Wood and Mrs. Charles Swanson as committee. Flow collection amounted to 90 cents. The hostesses served refreshments. Mr. and Mrs. James Fleni have returned from a vacation trip to Washington, D. C., and Gettysburg.

Mr. and Mrs. Levi Learn attended the street railway picnic held at Wilder Field, Sunday.

(From Page Eighteen)
In another Sunset League tilt at Jackson Baseball Park, the Sons of Italy outdistanced Suppas Studebakers, 11 to 9.
Paul Smith scattered 11 hits over the distance for his fifth win of the season. E. Haight started on the hill for Suppas, but had to retire in the third when he was hit just below the knee by a hot drive off the bat of Weidert. Abplanalp took over and finished the game.
Suppas scored five runs in the second frame on two hits, two errors, a walk and two hit batsmen, and added four more runs in the fourth on six hits.
Sons of Italy got off to a one-run start in the first inning on a single by White and a double by Castagnino. Four runs were marked up in the second on two hits, a walk and two errors, and four more were plated in the third on three hits and a walk and an error. Nobles struck the big blow in this inning with a double to clean the sacks.
Lefty Haight led Suppas at the plate with three hits in four trips, including two doubles and was credited with three R. B. I.'s. White, Ananea and Weidert each had two trips for the Sons of Italy. Nobles and Deidert batted in three runs apiece.
The linescores:
Suppas050 400 0— 9 1 4
Sons of Italy 144 101 x—11 10 2
Umpires—Wiley, Colesimo.
Rounding out the evening's Sunset card, Hammond Iron nipped Tiona, 6-5, in a long-drawn out affair at War Memorial Field. The game was called in the top half of the seventh on account of darkness.
Baker was the winning pitcher, Mealy the loser.
The linescore:
Tiona301 010—5 9 0
Hammonds .. .000 150—6 11 0

HOLD IT McGEE

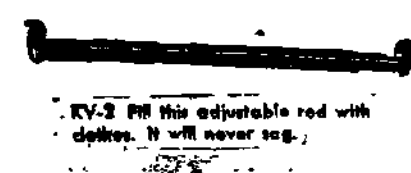

With just a screwdriver and K-Veniences you can fix that closet!

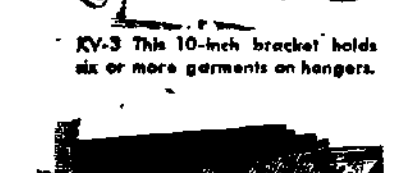

It's easy and fun to organize your chaotic closets with gleaming, chrome-finished K-Veniences. All you need is a screwdriver to put these inexpensive fixtures to work in your closets. Like magic, they keep clothes in order, save cleaning and pressing bills, and double the capacity of any closet regardless of size or shape.

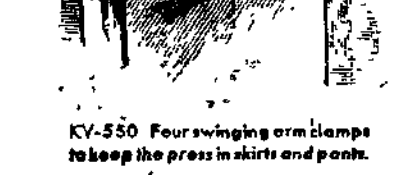

KV-1 Keeps your clothes neat and handy in deep, narrow closets.

KV-2 Fits the adjustable rod with clothes. It will never sag.

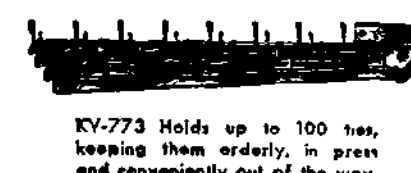

KV-3 This 10-inch bracket holds six or more garments on hangers.

KV-550 Four swinging arm clips keep the press in skirts and pants.

KV-771 A man's delight. Keeps ties handy, wrinkles hang out.

KV-773 Holds up to 100 ties, keeping them orderly, in place and conveniently out of the way.

KV-4 Shine saver, keeps shoes clean, neat, and off the closet floor. Adjustable from 15° to 30°.

KV-784 Keeps up to 12 pairs of shoes neatly in place on the wall or behind the closet door.

Benefit Circus at North Warren Friday

Intrepid aerial artists, equilibrist and gymnasts who scoff at the laws of gravity and dauntlessly dare disaster... animals subjugated by kindness and patience to the will of men... lovely be-spangled ladies and joyful pesting clowns... motus colors... pulse-quickening music... peanuts... popcorn... cotton candy.

These are some of the perennial all-time favorites of circus day, and all of them are still found at the Great Hagen Brothers Circus which comes to North Warren on Friday, July 14 at Cosslett Field at Venturietown under the direct sponsoring of the North Warren Civic Club.

The Great Hagen Brothers Circus, a pioneer in this popular field promises new acts, new wardrobes and the finest of circus features in their 1950 program.

104 U. S. Cities Now Have Population Above 100,000, Census Returns Show

Washington—(AP)—Provisional census returns show that 104 American cities now have a population above 100,000. That's a dozen more than made the 100,000-up class in 1940, with a few more still to be heard from.

Census bureau officials said today only one city in the group for 1940 had shrunk below it in 1950—Lowell, Mass. Lowell asked a recheck after the preliminary count showed a population decline from 101,389 in 1940 to 80,427 this year.

On the other side of the picture, Baton Rouge, La., scored a spectacular population climb, from 33,719 in 1940 to 123,954 this year, a jump of 257 per cent.

The major cities for which figures still are unavailable are Philadelphia, Houston, San Antonio, Albany, N. Y., and Wichita, Kas.

If Philadelphia maintains its place as the nation's third largest city—something census analysts expect—the nation's top ten cities will line up as:

1. New York 7,841,610; 2. Chicago 3,563,833; 3. Philadelphia 1,931,334 in 1940; Los Angeles 1,954,036 5. Detroit 1,837,613, 6. Baltimore 889,855, 7. Cleveland 909,546; 8. St. Louis 852,253, 9. Washington, D. C., 792,234; 10. Boston 788,552.

"Old at 40, 50, 60?" —Man, You're Crazy

Forget your age! You are only as old as you feel. Bobby asked a little later when we were alone, "Why didn't you want me to tell the sheriff about seeing Uncle Raoul with the sword last night?"

I didn't know myself precisely why, so I invented a reason.

"Well, for one thing," I said, "I can't be absolutely sure it was the sword he was carrying when we saw him. We only saw the moonlight glint for a second on something metallic. It might have been a cane with a gold or silver head. Besides, Beau had already said that Uncle Raoul had probably taken it."

That appeared to satisfy her, but only for a minute. Then she found something else to worry about.

"You don't suppose," she began apprehensively, "that after we saw him go down the drive he never came back again?"

"Bobby Brennon," I exclaimed, "you've got me a wild imagination! He came back again! He probably got up early and went for a walk just as Uncle Raoul had suggested."

Lewis Hays came in from the gallery in time to overhear my last remark.

"What's the matter?" he inquired. "Is Mr. Raoul lost?"

"Lost, strayed, or stolen," I replied. "Probably only strayed."

He smiled briefly.

"By the way," he observed, "I thought I saw the sheriff leaving a little while ago. No—er—unpleasant complications about the request, I hope."

"He came to ask about some things he found in Claude's pockets," Bobby explained, "and to get Colonel Dumont's sword for the inquest. Only the sword's gone along with Uncle Raoul."

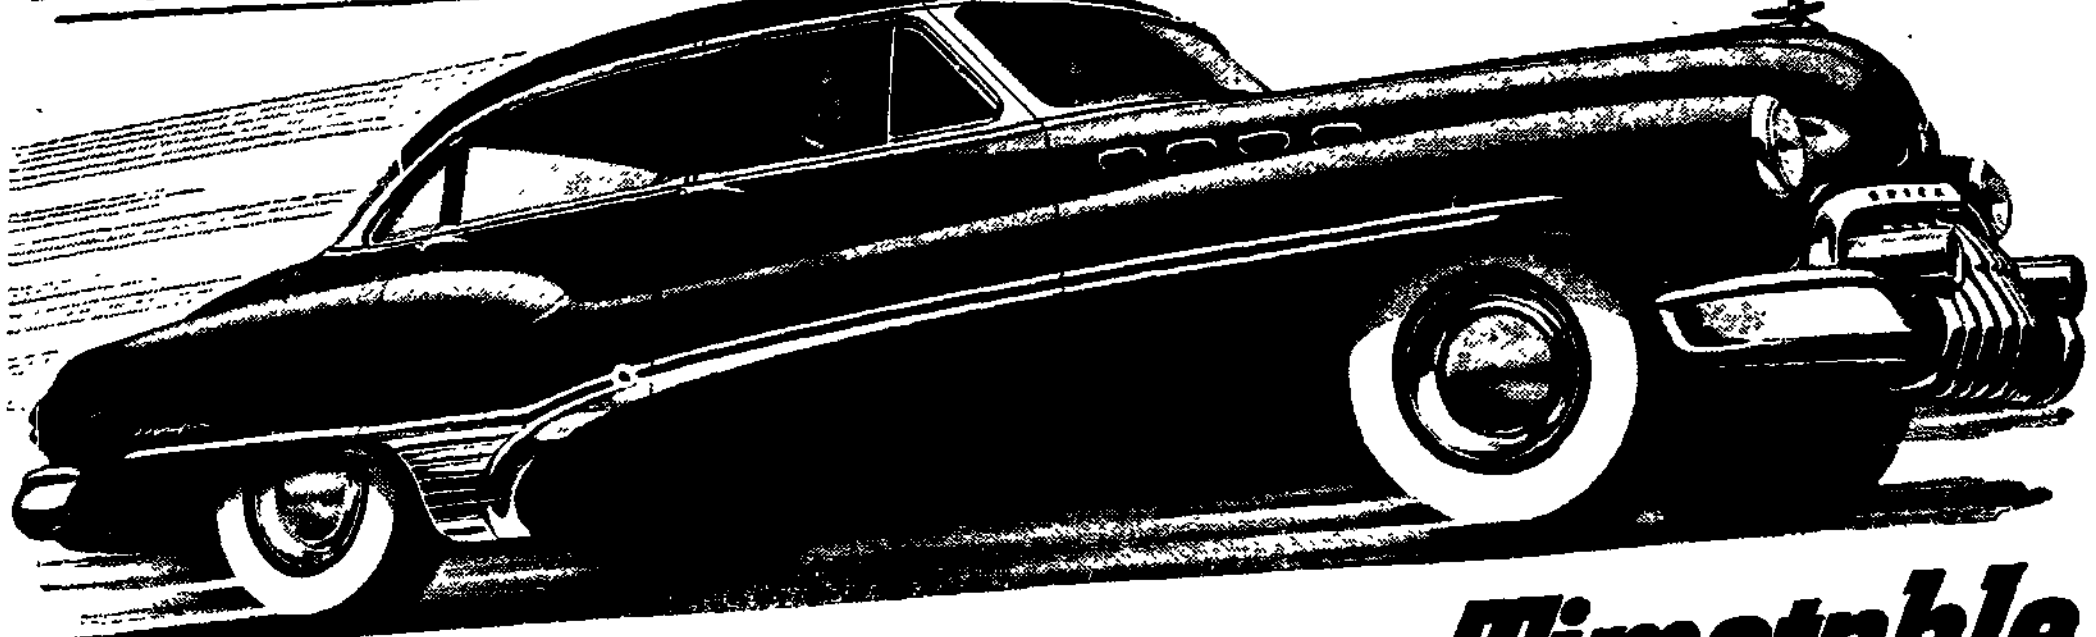

MacKenzie's Column

BY DEWITT MACKENZIE
AP Foreign Affairs Analyst

Most of us, I imagine, are reading the war-news from Korea with mixed emotions—with pride in the gallant job being done by our boys against tremendous odds, but with grave anxiety over how long it may take to provide sufficient troops and equipment to overcome those odds.

We are agreed, I hope (for if we aren't, we ought to be), that this is exactly the situation which we should expect in this early stage

First of the Fine Cars in Value

This one Telescopes your Timetable

Of course you recognize it. Who doesn't know that those four Ventipoints, that graceful sweep of fender-chrome, mark ROADMASTER—best of all the Buicks, unquestioned "big buy" of the fine-car field?

But have you tried it? Have you matched this sweet-stepping bonny against the tall hills, and the call of the straightaway?

Ever tooled it across town—and seen how Dynaflo's quick surge and smooth take-off slip you through traffic with minimum of foot-motion and maximum of timesaving?

Ever known the good feel of a light and easy wheel, swinging almost at a finger's touch—the soul-satisfying lift in a big 152-hp Fireball engine just waiting for the release your toe-pressure gives it?

Ever sampled that famous Buick ride—steady, level, unperturbed, soft with the special gentleness of coil springs on all four wheels, sweetly restful in both front and rear seats?

There's no reason, really, to wait longer for such satisfying experience. There's a Buick dealer near you. He delights in showing off ROADMASTER. He'll arrange—unless all his demonstration cars have been snatched away from him by eager buyers—to put you behind a ROADMASTER wheel.

Why not see him now—to find out what's finest in today's fine cars, and how little it takes to buy one?

Only Buick has Dynaflo—and with it goes!

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springs, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

**FOUR-WAY
FOREFRONT**

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

line back in the strategic Kum river region of South Korea. It was a blow of great strength, powered by an estimated 80-Russian-made tanks, some of which were 60-ton giants.

Korean maps are a bit confusing, I'm afraid. But we can sum up the position roughly by pointing out that the Kum river has been the Yanks' major defense line north of the city of Taepon—Central South Korea—which has been a U. S. field headquarters.

IT'S DEATH, MY DARLING!

By Amelia Reynolds Long

Chapter 17

"I waited until, Beau had gone out to the gargonniere and Lee and Father were in their rooms, then I slipped downstairs. I knew that Claude was still there, because I could see the light."

"He looked up at me without rising and asked me what I wanted, but I could tell from the way he was grinning that he had already guessed."

"He refused?" I asked, the instant you ask something that is perfectly obvious.

"He not only refused," she replied through clenched teeth while her hands became balled fists inside the pockets of her skirt, "but he added something about how he'd always suspected I was a poor branch of the family."

"I asked," she continued, "who was that third man?"

Once more she seemed to grasp my meaning.

"It was father," she admitted. "I'm going to tell you everything. Peter," she went on after the barest of hesitations, "you've probably guessed most of it anyway, and besides, I've got to talk to someone."

"Lee and Beau had been playing poker with Claude every night since they got here. Generally Beau is fairly lucky at cards, although Lee hardly ever is, but this time they both lost—heavily. Then when their losses had reached fifteen thousand dollars, Claude refused to play any more, and demanded settlement."

"Fifteen thousand dollars?" I repeated in awe. It sounded like something from Monte Carlo.

Pick nodded.

"Beau says they hadn't realized it was so much until Claude showed them the figures," she continued.

"They asked him to give them an opportunity to recover some of their losses, but he refused. Then they—they had to admit that they were unable to pay."

So that, or part of it, had been what Bobby and I had overheard. And Claude threatened to take the matter up with your father?" I asked.

"You'll never know how relieved I was when I found he thought it was Claude who had signed that paper," she said. "I tell Lewis what you've just told me."

"I waited until, Beau had gone out to the gargonniere and Lee and Father were in their rooms, then I slipped downstairs. I knew that Claude was still there, because I could see the light."

"He looked up at me without rising and asked me what I wanted, but I could tell from the way he was grinning that he had already guessed."

"He refused?" I asked, the instant you ask something that is perfectly obvious.

"He not only refused," she replied through clenched teeth while her hands became balled fists inside the pockets of her skirt, "but he added something about how he'd always suspected I was a poor branch of the family."

"I asked," she continued, "who was that third man?"

Once more she seemed to grasp my meaning.

"It was father," she admitted. "I'm going to tell you everything. Peter," she went on after the barest of hesitations, "you've probably guessed most of it anyway, and besides, I've got to talk to someone."
